

TRUMAN WANTS NO BLANK-CHECK POWERS

Priest Jailed By Czechs For Refusal Of Rites To Red

PRAGUE, Czechoslovakia, Aug. 4.—(AP)—Czechoslovakia's Communist-ruled government has carried out its threat to imprison Roman Catholic priests accused of supporting the Vatican decree excommunicating Catholics who are militant Communists.

The official Prague radio announced last night a village priest had been sentenced to

SCANDINAVIANS GIVE AID NEEDS

Confer 2 Hours With U. S. Chiefs of Staff; Yanks Leave For Paris

LONDON, Aug. 4.—(AP)—Military commanders of Norway and Denmark told the U.S. joint chiefs of staff today what they need to hold the northern flank of the Atlantic nation's defense line in Europe.

The Scandinavian delegations met the American officers in separate conferences at U.S. Naval headquarters in London. Each group spent more than an hour with the Americans.

The conferences were conducted under the same condition of secrecy as yesterday's meeting with British military leaders. Armed guards made certain only actual participants entered the conference room.

The American representatives will leave for Paris this afternoon on the next leg of their 10-day air tour of Europe.

The U.S. leaders—Army Chief of Staff Gen. Omar Bradley, Navy Chief of Operations Adm. Louis Denfeld, and Air Force Chief Gen. Hoyt S. Vandenberg—conferred with their British opposite numbers at length yesterday.

After the closely-guarded conference, Denfeld said the military organization of the Atlantic pact nations might be set up before the end of the year.

He said there had been "considerable progress" during the British-American meeting.

The American, British, Danish and Norwegian leaders all met King George VI at Buckingham palace last night for a "friendly, informal talk."

The Danes flew here Tuesday, the Norwegians arrived yesterday.

Lieut. Gen. Ole Berg, Norwegian chief of staff, said at Northolt airport his group was interested in:

- 1—Cooperation under the Atlantic pact.
- 2—Equipment for all three services "which we hope to get from Britain and the United States."
- 3—Exchange of ideas on military training.

eight years imprisonment for treason. He was accused of refusing to administer the last sacrament to a sick old woman until she resigned from the Communist party.

The priest, Rev. Alois Fajstl, denied the charge.

Is First Test

It was the first test of the Czech government's defiant stand against the excommunication decree. The Vatican announced last month that all Catholics who militantly support Communism would be excommunicated—a church penalty barring them from receiving the sacraments and associating with faithful Catholics.

The government, through Justice Minister Alexei Cepicka, promptly threatened that priests who carried out the excommunication decree would be tried on treason charges.

Dr. H. Richter, president of the state court which sentenced Father Fajstl, called the priest's action high treason. He said any priest refusing religious rites to any person because of political party membership or loyalty to the state "is in the service of an enemy power—the Vatican—aiming to destroy the people's democratic regulations of our state."

In Rome, a Vatican source suggested the Czech trial may have been a "Communist trick to try to discredit the church and its faithful." Vatican officials have said that excommunication is primarily directed at the consciences of wayward Catholics and requires no official execution by priests.

More Candidates File For Nov. 8

Filings for the Nov. 8 general election climbed to 91 today with the entry of 14 new candidates, the second day of a rush to beat Aug. 10 deadline.

The new petitions for ballot places included one from George E. Lones of Lisbon R. D., seeking a post on the county board of education, which has supervision over rural schools.

The election board also listed new township candidates, a village office-seeker and rural school board aspirants.

Entering for township offices are: Edwin L. Simmons, for trustee in Liverpool; Henry Keck, for a similar post in Unity, and Glenn Veon, for constable in Unity.

F. L. Hall and E. F. Sanor filed for seats on the United Local school district board of education and Frank Clark entered in the Franklin Local district.

O. C. Caldwell and John Chillick filed for seats on the Lisbon village board of education.

Carl A. Evans filed for West Local school board.

Fred G. Davis entered for a seat on the board of trustees of public affairs in Washingtonville.

Seeking constable posts are John Herman Jr., who filed from Perry township, and Roy N. Painter, a candidate in Hanover township.

Judge's Ruling Favors East Liverpool Project

LISBON, Aug. 4.—Judge Joel H. Sharp today ruled in favor of the city of East Liverpool, denying an injunction sought by Harry Sloan and others against the improvement of Wedgewood st. in East Liverpool.

The Judge then set the appeal bond at \$20,000. The city by resolution had declared the necessity of improving the street by Oct. 6, 1947 and council on Dec. 1, 1947 had passed an ordinance to proceed with the improvement.

Certain property owners along the street protested the improvement.

Tangle Minimum Wage Talk With Education Aid Dispute

By HOWARD DOBSON

WASHINGTON, Aug. 4.—(AP)—The administration's new compromise on minimum wages got tangled up today in a house labor committee quarrel over federal aid to education.

Rep. Steed (D-Okla.), one of four Democratic members demanding a committee meeting on school aid, notified house leaders he will not back the wage-hour measure unless the meeting is called.

The situation appeared to be stalemated, at least for a few days. Steed, with Reps. Sims of South Carolina, Jacobs of Indiana and Perkins of Kentucky, demanded yesterday that Chairman Lesinski (D-Mich.) schedule a meeting to go into aid to education again. Steed said Lesinski told him he would not do it; Lesinski later told reporters he did not know whether he would.

As this storm blew into the open, one house Democratic leader said positively that school help legislation will not come up on the house floor this year.

The house is scheduled to begin debate on minimum wages Monday under procedure by-passing the rules committee. Lesinski has arranged with leaders to call for a vote on a resolution which would put the administration's original wage-hour bill before the house.

This measure would hike the national minimum wage from 40 cents an hour to 75, and increase coverage of the wage-hour law. Approximately 20,000,000 workers are covered now, and the bill would bring in about 5,000,000 more.

Steed said Democratic Floor Leader McCormack, of Massachusetts, has meddled in the aid-

to-education dispute "where he has no business." He added he believes Lesinski is stalling on school help under instructions from other house leaders.

The four Democrats need the help of nine more members before they can force a meeting.

The aid to education issue has become controversial in and out of congress. Catholic leaders have charged that the bill by Rep. Barden (D-NC) is anti-Catholic; its defenders reply that its ban on use of federal money for parochial or private schools is in line with the principle of separation of church and state.

Schedule Debate

FRENCH GUARDING ALY KAHN'S HOME; FEAR NEW ROBBERY

NICE, France, Aug. 4.—(UP)—

French police put a heavy guard around the Deauville home of Prince Aly Khan today as a result of the daring daylight holdup of his father, the Aga Khan, and the Aga's beautiful French-born wife.

Aly, husband of Rita Hayworth of the movies, said his father telephoned him yesterday afternoon to explain why he was late in arriving for a visit.

Police said Aly's household immediately requested that a special guard be placed about the villa to guard the Aga when he makes his interrupted visit. The Aga and his wife are expected today or tomorrow.

May Flee Riviera

Tourist officials meanwhile expressed fear that millionaire visitors may flee the Riviera or not come at all as a result of the recent wave of robberies in France climaxed by the Aga's loss of \$600,000 of his wife's jewels.

Since June 28, gangsters have made off with \$1,325,000 in eight robberies in Paris and southern France. Police so far have been unable to break the holdup wave.

Speculation that the holdups might be the work of a national gang operating under American methods was strengthened when police announced that the Aga Khan holdup car had been stolen in Paris several days ago.

The car was found abandoned not far from the scene about two hours after the robbery.

Police said the technique in all recent robberies in France has been same: A rapid attack by a well-organized gang and a quick getaway.

Tourist officials in Nice, capital of the Riviera, were highly critical of the police. Their sentiments were echoed by Prince Aly.

"I must say I am surprised the police cannot do more to stop these armed robberies," Aly said.

Truck Sideswipes Car. Injures Woman Driver

Mrs. Marcella Simmers of East Liverpool was taken to the hospital in that city following a highway accident at 3 a. m. today on Route 30 at the junction of the Y & O road.

The state highway patrol said that a truck and trailer driven by John Buber, 36, of North Bloomfield, was on the wrong side of the road when a car driven by Mrs. Simmers approached. The truck side-swiped the car, damaging the rear of the trailer and the front of the car.

Mrs. Simmers suffered lacerations of the head and arms and a sprained wrist. Buber was not injured nor was the passenger in the truck or Mr. Simmers who was riding with his wife.

SAYS FOREIGN AID BILL CAN BE CHANGED

Only Wants To Be Sure Europe Is Taken Care Of; Lauds Mrs. FDR

WASHINGTON, Aug. 4.—(AP)—President Truman today opposed any reduction in the \$1,450,000,000 he has asked for arming foreign countries, but he said he doesn't care anything about having blank-check powers.

The foreign arms bill pending in congress would permit the President to send weapons to any country whose arming he thinks would help the United States.

When asked about this clause at his news conference, Truman said he doesn't particularly care whether it remains in the bill. He said all he wants is to see that European pact countries are properly taken care of.

He also said the bill ought to be passed as quickly as possible in the manner in which it was sent to congress.

Discusses Mrs. F.D.R.

The President also discussed Mrs. Franklin D. Roosevelt, China, excise taxes, a loan to Mexico and other matters.

Concerning Mrs. Roosevelt, a reporter asked whether it is true that she has offered to resign as a member of the U. S. delegation to the United Nations because of a difference with Francis Cardinal Spellman over federal aid to education.

Truman replied that Mrs. Roosevelt offered to resign—as she does every year—just to give him a free hand to appoint anyone he wants.

But he said she's going back to the United Nations in her same job.

The President said Mrs. Roosevelt expressed no reason for her offer. He said he thought it was only her customary politeness, and noted that she made her annual offer at the usual time.

The President announced the State department is publishing tomorrow a volume on United States relations with China, particularly during the last five years.

He said his main purpose in asking the Secretary of State to publish this record at this time is to insure that our Far Eastern policy shall be based on informed and intelligent public opinion.

He said the role of this government in its relations with China has been subject to considerable misapprehension, distortion and misunderstanding.

When a reporter asked if Truman To SAYS, Page 12

Police Picnic Wednesday Attracts Crowd of 250

More than 250 policemen and friends attended the annual Fraternal Order of Police picnic yesterday at the Saxon Country club.

Police were present from Pittsburgh, Youngstown, Warren, Canton, Alliance, Minerva and surrounding towns. The affair got under way at 10 a. m. and was concluded at 11 p. m.

In charge of the picnic were the Stark lodge trustees, George Reash of Salem and Police Chief A. O. Lower and Virgil Thomas of Alliance.

Lisbon Vitified Plant Will Resume On Monday

LISBON, Aug. 4.—The local plant of the American Vitified Products Co. is scheduled to resume operations Monday, after several days' shut-down due to lack of orders as a result of the threatened steel strike.

The plant manufactures "hot tops" for use in steel mills.

Breathing Spell Seen By Ranking Economists In Business Downturn

WASHINGTON, Aug. 4.—(AP)—Signs built up today of a breathing spell—but probably not a permanent halt—in business downturn that has run through 1949 so far.

A consensus produced by a top-flight official group of economists working as a team boiled down—with some "ifs" attached—to this:

1. The immediate outlook is that economic activity likely will hold at the mid-year level for the July-August-September quarter, and perhaps may rise a bit in September.

2. Longer-range prospects are darker, because it seems that, on the whole, fundamental readjustment has not been completed and employment, production, income and prices may continue to drift downwards from October through mid-1950.

The men who drew up this appraisal would not be quoted by name.

Trend Erratic

The longer-range downdrift, it was noted, probably will be obscured from recognition by its piecemeal character, a moderate tempo, and erratic upturns now and then in particular lines.

One sign of an economic breather or reversal was said by a Washington official to be "a significant change in the attitude of businessmen (over the country) within the last two weeks," this involving a swing toward optimism.

Business psychology has been given a leading role in administration analyses of the causes of the economic downturn that has been in progress since last fall.

The official making the observation wouldn't permit identification, but he ticked off some of the "combination of factors" he said had worked to effect a comparatively quick shift away from pessimism in business sentiment.

The surprise appearance of orders for an increased quantity of goods, necessitating in turn the increasing of production by many concerns that had curtailed output earlier.

President Truman's announcement against more taxes, confirming the no-tax expectation generated previously by congress. Also, easy credit policies and the inflationary effects of deficit financing by government.

Stocks Low

Confidence catching hold from the firm recent climb of the stock market as "buyers came to the conclusion they (stocks) were bargains" and should be bought before their prices went up. Nevertheless the official did not say that the "changed attitude" would necessarily reverse the downturn in business, although he was sure it would be a strong force in so doing if it persists.

Traditionally, as his remarks implied, when businessmen think business is going to get worse—leaving them stuck with Turn To BREATHING, Page 12

Meat Inspection Begun In Salem

Dr. Leo Mundy, new city meat inspector, announced today complete satisfaction with the way meat is being handled in local processing houses. He was appointed by the board of health last month.

All inspection fees are paid by the company whose meat is inspected. The meat establishments are to be inspected at least five times each month.

This does not affect local wholesale and retail outlets, according to Dr. R. T. Holzbach, health commissioner. Any company processing or preparing meat for sale within the city may have the meats inspected provided the company assumes the fees. When the meat has passed the inspection it is stamped with a square stamp, "Inspected and Passed."

Bike's Handlebars Kill Boy, 9

EAST LIVERPOOL, Aug. 4.—Ronald McKelvy, 9, was injured fatally when the handlebars of his bicycle punctured his throat Wednesday night.

Columbiana Coroner Ernest Sturgis said the boy fell while pedaling and the bicycle toppled on him, rupturing a blood vessel and windpipe. He died within an hour, the coroner said.

Find Dope Field

CLEVELAND, Aug. 4.—A full acre of cultivated marijuana hidden by a deceptive border of weeds was found yesterday by two police officers on the near east side.

Police said ownership of the field would be traced and an investigation begun.

ROYAL MOUNTED POLICE MUSEUM TELLS STORY OF BLOODY FRONTIER

By KENNETH LAMB

REGINA—(UP)—Much of the color and romance of the Canadian Mounted Police has been crowded into a small museum in the basement of the police barracks here.

Relics of some of the bloodiest chapters in western Canada's history are on view for the thousands of visitors who pass through the museum each year.

A one-inch strand of the rope which hanged Louis Riel is a grim reminder of the Riel Rebellion of 1885. Riel, mastermind of the uprising, was convicted of treason and hanged at the police barracks here.

The RCMP, then the North West Mounted Police, were engaged in the Riel campaign. Ambushed at Duck Lake, Saskatchewan, 13 police were killed and 12 injured. Those 25 men represented one-quarter of the force.

Gold Rush Recalled

A Maxim Nordenfolt machine gun on display tells a murderously tale of the Yukon gold rush days of 1896-1900. The weapon was to intimidate the Soapy Smith gang which was preying on individuals and small groups of miners leaving the gold fields for the outside. Eventually "Soapy" Jefferson Randolph Smith was killed in a gun fight against a vigilante committee known as "The Committee of One Hundred and One."

An oil painting of the aptly-named Fort Whooop-Up tells a dual story of the police's original march west from Fort Garry (now Winnipeg) in 1874 and of defeat for American traders operating north of the 49th parallel at that time.

They force marched from Fort Garry to Fort Whooop-Up on the Belly river between Lethbridge and Macleod, Alta., to halt illicit trading of liquor to Indians. When the Mounties arrived, the Americans had fled. But the Stars and Stripes flying over the Fort was evidence that the United States intended to take over what was then British North America.

A uniform of the late Supt. J.

M. Walsh brings back a chapter in the story of Sitting Bull. The Sioux Indian leader, after the tragedy of the Little Big Horn in Montana in 1876, crossed into Canada. Supt. Walsh, who had to deal with Sitting Bull, employed a mixture of tact and toughness.

Once the Indian was thrown out of Walsh's office. Soon Sitting Bull returned with his braves only to find the barracks armed to the limit. Deciding that discretion was the better part of valor, the Indian returned to his camp. After that he gave no trouble to Canadian authorities.

In those days the North West Mounted Police were often solely responsible for keeping under British rule what now is the whole of western Canada.

Modern Exploits

More recent police exploits are wholly as exciting if less decisive.

Bullet-spattered snowshoes reveal the exploits of the mad trapper of Rat river, near Akla-vik, in 1931. That episode marked a milestone in police work for in the pursuit of the trapper, an airplane and radio were put to use for the first time in a manhunt.

The trapper, Albert Johnson, resisted to the end and was shot to death.

A Japanese balloon is a memento of one of the best kept secrets of the Second World War. The balloons were set adrift in Japan and carried to Canada by air currents. They fell over a wide area of western Canada from the Pacific Coast to Manitoba but the security clamp was so tight that few civilians heard about them until after the war.

Frosh Has Family

PROVIDENCE, R. I.—John W. Scanlon, 33, who has a wife and four children, has just finished his freshman year at Providence college. Some day, when he's about 38 years old, he hopes to hang out his shingle as a dentist.

Pollen from flowers varies in color from white through all the colors of the spectrum to almost black.

Children's Allergies Are Traced To Mothers

BEVERLY HILLS, Cal.—Mothers who resent being burdened with children may be responsible for their offspring developing asthma, hay fever and eczema, in the opinion of two Beverly Hills allergy specialists.

In a check of 90 allergic children, Dr. Hyman Miller and Dorothy W. Baruch found that 89 of them had mothers who had displayed maternal rejection toward their children.

In a control group of 63 mothers of non-allergic children, only 25 ever had felt antagonistic, the doctors' studies revealed.

The two specialists reached the conclusion "that when a child with any tendency toward allergic symptoms feels rejected by his mother, he is apt to become ill."

In some cases, the first attack of asthma occurred when the child was sent to school or after a spanking. Several experienced attacks soon after the birth of a sister or brother.

"For some reason," the doctors agreed, "some children seem less able than normal children to explain the frustration, resentment and anger which the fear of being abandoned arouses."

"They hold their feelings in and this sets up a chain of conflicts within that brings out symptoms of asthma or skin trouble."

One allergic child told the doctors, "when mamma says she's going away for a vacation, I get darn mad. I feel like smashing light bulbs. But I can't, I just get sick. Then mamma can't leave me."

TRY SALEM NEWS WANT ADS

Q's & A's

Q—Where did bock beer originate?

A—To a small village near Hamburg, Germany, according to legend, belongs the distinction of having originated bock beer. The village was Einbeck, the year 1249.

Q—Is the whipping post in existence in any state in the country?

A—Delaware retains the whipping post as a punishment for criminals under a law enacted in 1771.

Q—Who started the Democratic Party?

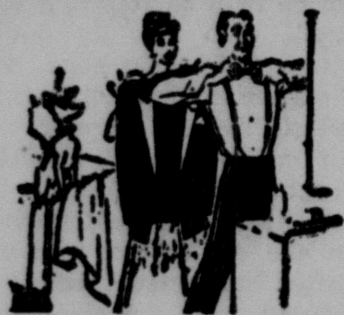

A—Thomas Jefferson, the leader of the Anti-Federalists, resigned from Washington's cabinet in 1793 and started his own political party. When the Democrats first started they called themselves the Democratic-Republicans.

Q—Where could one see the oldest map in the world?

A—The oldest known map in the world was produced about 4500 years ago. A clay tablet unearthed in ruins 200 miles north of the site of Babylon, it is now preserved in the Museum of Harvard University.

Nurses Unit
Has Annual
Reunion

Twenty-five members of the Salem City hospital Nurses Alumnae association from Salem, Youngstown, Colerain, Lisbon, Leetonia, Columbiana, Greenford, Minerva and Ellsworth attended the annual reunion Wednesday evening at the Nurses home.

Following a picnic dinner the group made a tour of the new hospital wing.

An interesting letter was read from Mrs. Kathryn Bundy Covell member of the association, who resides in Newark, N. J. She invited the members to visit her.

Dinner arrangements were made by Miss Betty Tullis of Salem and Mrs. Dorothy McCammon of Columbiana.

Moose Women Meet
Again Aug. 17

Mrs. Susan Altomare won the special prize at the Wednesday evening session of Salem chapter, Women of the Moose, in the temple.

Announcement was made of the national conference Aug. 14-18 in San Francisco, Calif.

Lunch was served by Miss Rose Mowry, Mrs. Carl Blattman and Ila Hartman.

Mooseheart alumnae chapter night program is scheduled for Aug. 17.

Plan Open House
For Newlyweds

Rev. and Mrs. Herman L. Strawn, who were recently married, will be honored at an open house reception by their parents, Mr. and Mrs. M. W. Strawn of Damascus, Sunday evening.

Relatives and friends are invited. Rev. Strawn is pastor at the Drakes Branch church in Virginia. Mrs. H. L. Strawn was formerly Miss Gladys Blaine of Glenshaw, Pa.

Mr. and Mrs. John Tynan of Toronto, Canada, are spending two weeks at the home of Mr. and Mrs. John Ference of Woodland ave. Mrs. T. Warfield of South Wales and Mrs. James Morrison and Mrs. Margaret Westhead of Youngstown were guests Wednesday in the Ference home.

Couple Will Wed
In Atlanta, Ga.

The marriage of Miss Betty Cooper and Garth Walker of Atlanta, Ga., will be solemnized Saturday, Aug. 27, in the Decatur, Ga., Methodist church.

The bride-elect is the daughter of Mrs. Wallace H. Cooper of Atlanta.

Mr. Walker is the son of Mr. and Mrs. Fred Walker of Atlanta, formerly of Salem. He is a grandson of Mr. and Mrs. Burt Leeper of Tenth st., and Elmer Walker of Damascus.

Miss Cooper received her B.S.C. degree from the Atlanta division of the University of Georgia, where she was a member of Delta Lambda Sigma sorority, Phi Chi Theta fraternity, and Crimmon Key honor society. She received the Delta Lambda Sigma cup for the ideal woman student and the Crimmon Key award for the outstanding woman student.

Mr. Walker attended Duke University and received his B.B.A. degree from Emory University School of Business Administration. He will enter Washington University Medical school, St. Louis, Mo., in the fall to study for his master's degree in hospital administration.

Mr. Walker attended Duke University and received his B.B.A. degree from Emory University School of Business Administration. He will enter Washington University Medical school, St. Louis, Mo., in the fall to study for his master's degree in hospital administration.

Mrs. Bachman Hostess
To Bridge Club

Mrs. H. V. Bachman welcomed bridge club associates Wednesday evening to her home, Cleveland st.

Prizes in the games were presented to Mrs. James Cross, Mrs. Bernard Bott and Mrs. A. C. Hively. Lunch was served.

Rebekahs To Meet

Home lodge, Daughters of Rebekah, will meet at 7:45 p. m. Friday in I. O. O. F. hall.

Will Meet Tonight

Important business will be discussed when members of Peace sisterhood, Dames of Malta, meet at 8 tonight in their hall.

Miss Bernice Lanpher of Cleveland, who has been at Chautauqua Lake, N. Y., visited her aunts, Misses Zillah and Ruth Ellen Stamp of W. Tenth st., and left this morning for Dayton. She was accompanied by her mother, Mrs. N. H. Lanpher, who has been at the Stamp home since May. The Lanphers will join Mr. and Mrs. J. W. Harris on a trip to San Francisco, Calif., where he will represent the Association of Printer Craftsmen. Mr. Harris, a former Salem resident, is teacher in a vocational high school in Dayton.

Mrs. Elmer Kerr and daughters, Karen, Lorrie and Marjorie, of Brooklyn ave., and Mr. and Mrs. Carl Field and daughter, Pam, of Woodland ave., will leave Friday for Campbellford, Ontario, Canada. Mrs. Kerr and Mrs. Field are the daughters of Harry Percival, and they will vacation at his cottage near Campbellford. The Kerrs will be gone three weeks and the Fields four weeks.

Mr. and Mrs. A. V. Smith and daughter, Joan, of N. Ellsworth ave., returned Wednesday evening from Bowling Green, where Joan has enrolled in the Bowling Green State university for a course in home economics.

Mrs. Lois Cox of Lincoln, Neb., Mr. and Mrs. Lindley A. Kille of Morristown, N. J.; Frank Kille of North Field, Minn., and Mrs. Estella Shelton and Mrs. Helen Coles of Mooseheart, Ill., were here to attend the funeral of Mrs. Clemmer Greenisen.

Miss Mary Solomon of Maple st. is attending a school of beauty in Detroit.

Mrs. Lois Cox of Lincoln, Neb., Mr. and Mrs. Lindley A. Kille of Morristown, N. J.; Frank Kille of North Field, Minn., and Mrs. Estella Shelton and Mrs. Helen Coles of Mooseheart, Ill., were here to attend the funeral of Mrs. Clemmer Greenisen.

She's Capital's New No. 1 Hostess

Her Husband's The Only
One Bored By Her
Parties

WASHINGTON — (NEA) — By unofficial action of Vice President Barkley, Gwendolyn Cafritz now becomes Washington's No. 1 hostess, succeeding Perle Mesta.

This brings a third coveted local title to the fabulous Cafritz mansion. For years Morris Cafritz has been king of Washington's real estate men, while his wife has reigned as the best dressed woman in town.

It has become recent custom for the V. P. to designate the town's top hostess. He does it simply by showing up at all of her parties, having a whale of a big time, and recommending them to his best friends. That's how Mrs. Mesta got the nod from Vice President Truman. That's how Mrs. Cafritz quickly steps into the vacancy created by Mrs. Mesta's appointment as Minister to Luxembourg.

Barkley's selection of Gwendolyn Cafritz is a logical choice. And as one social arbiter puts it, "who but Gwendolyn has both the method and the money?"

Slim, black haired and dark eyed, Mrs. Cafritz's special talent is wearing clothes. Her formula: "I buy good dresses; I spend a lot of time selecting them, I take good care of them, I hang on to them for a long time and they always seem to come back in style."

HOW MANY dresses in her closet?

"Heavens, I haven't the faintest idea," she says. Some that she wears currently are eight years old.

Evening dresses are her favorite. Most of them are original models which she buys in Paris. The famed dress designer, Schiaparelli, is one of her good friends. She plans to spend several weeks

Missionaries Aided
By Nazarene Group

Mrs. James Filler gave a report from a study book relating to health conditions in China at a meeting of the Women's Missionary chapter of the Nazarene church Wednesday evening in the church.

Mrs. William Lucas led devotions. Mrs. Lyman Miller and Mrs. Charles Weaver offered a duet with Mrs. Weaver playing the accompaniment.

The chapter gave a radio to Rev. and Mrs. W. C. Essylston who leave New York City Friday for Africa to engage in mission work.

Members of the Men's chapter met at the same time in a Sunday School room. Lyman Miller gave a chapter from the study book on "Japan."

Devotions were conducted by Roy Shoff.

FILM FIRMS FACE
COURT DILEMMA

NEW YORK, Aug. 4 — (AP) — Three of America's major film companies face the prospect of becoming either producer-distributors or theatre owners.

Last week, a federal court told 20th Century-Fox Warner Bros. and Loew's that the companies should divorce their producing and exhibiting activities.

The decision stemmed from the government's long-standing contention that the film producers' control of theaters was a monopoly in many cities—and that it involved certain illegal practices under the anti-trust laws.

The companies aren't saying what they're going to do. But trade circles say they may go back to the U. S. Supreme court for relief from the lower court ruling, or else try to negotiate a consent decree with the government in an effort to make the impending divorce as painless as possible.

The court said a decree carrying out its ruling would be entered after Sept. 20.

Nine out of ten adult pedestrians killed in traffic lose their lives during the hours of darkness.

in Paris this summer buying her fall wardrobe.

Although her husband recently paid \$65,000 for a set of famous jewels for her, she manages to wear them without looking over-adornd.

Mrs. Cafritz denies she ever feuded with Mrs. Mesta.

"I was once quoted as saying that Mrs. Mesta came to town with only a cook book and a telephone directory," she explains. "That is absolutely incorrect. I said those are the only books which she has ever read."

THOSE WHO HAVE SAMPLED the lavist entertainment of both Mrs. Mesta and Mrs. Cafritz are inclined to agree that Gwendolyn comes the greatest of all Washington hostesses, the former Evalyn Walsh McLean. The only one who ever was reported bored at

Granges

Mile Branch

Representatives of 14 granges from Stark, Mahoning, Lexington and Columbiana counties were present Friday evening to congratulate members of Mile Branch grange on the 75th anniversary founding of their grange.

Harry A. Caton, secretary of the national grange, and principal speaker of the evening, presented an optimistic view of the farmer's place in the American system of enterprise. He declared that some day labor, agriculture and industry would be equally represented in the nation's economy.

In his topic, "This Changing World," he paid tribute to the work of Mile Branch.

Norman Barnett, grange master, welcomed the members and guests. Honored guests were Thomas Buckman, golden sheaf member, and Marion Mangus, only living member with a perfect attendance record for 26 years.

The birthday celebration was dedicated to all grange members who contributed to the advancement of Mile Branch through the years. Vocal and instrumental numbers entertained.

Mrs. Nell Stine of Alliance spent Tuesday and Wednesday with Mrs. John Horn of the Georgetown rd.

Leetonia Lutheran
Service On Sunday

LEETONIA, Aug. 4—The annual observance of a missionary offering in memory of Dr. H. C. Brillhart will be held Sunday at St. Paul's Lutheran church.

Dr. Brillhart served as pastor of St. Paul's from 1909 to 1937 and pastor emeritus from 1937 to 1946. During his pastorate here he was a member of the board of foreign missions of the United Lutheran Church in America. The offering taken each year supports a native missionary pastor in India. Rev. T. P. Laughner, the pastor, will speak on "A True Teacher" at the 10:45 a. m. service.

Entertains Club
Mrs. Richard Caldwell entertained members of "OUR" Community club at her home, south of town, Wednesday.

Mrs. C. J. Stewart entertained 500 club associates at her home Wednesday evening.

Miss Pauline Rankin, daughter of Mr. and Mrs. W. A. Rankin, a junior at Mt. Union college, has been selected as a freshman counselor for new women students entering college.

lege in the fall, a representative of Alpha Xi Delta Sorority, Miss Rankin will correspond with three or four freshmen to acquaint them with campus life, acting as advisor in the fall and will aid in the used book store.

4-H Club News

At the recent meeting of the New Garden Junior Farmerettes 4-H club the boys' 4-H club members were guests. They heard Mary Alice Stryffler give a demonstration on sewing and Mrs. Penrich gave a talk and showed pictures.

The club will meet to watch television Aug. 11 while the next meeting will be held at the home of Patty Guthrie Aug. 3.

More Polio

AKRON, Aug. 4—The number of polio cases in Akron area this year stood at 30 today after admission of a six-year-old Dover girl to City hospital yesterday. The cases are double those reported last year. Two new cases in Lima area brought the total there to 21.

SCHWARTZ'S

You Can't Win

Numbers Game Is Poor Man's Gamble;

Operators' Take Is 46 to 55 Percent

By Ernest E. Blanche

(This is the fourth of seven condensed installments on Blanche's recent book on facts and fallacies about gambling. The author is Chief Statistician for the Logistics Division of the Army General Staff. As a hobby, he has studied gambling for 20 years. He's convinced—you can't win!—Editor's Note.)

Playing the "numbers" is essentially the poor man's way of expressing his gambling instinct.

Since its participants may bet as little as a penny, it is especially popular among low-income workers and others of meager means.

Although the numbers racket is illegal in every state and city, you don't have to be a detective to find a place where you can place your bet—at the newsstand, the corner bar, the candy store, the gas station or the barber shop.

When you place your bet, you select any number from 000 to 999. The winning number is usually determined by the total mutual prizes of races at a metropolitan track.

(District numbers racketeers use the total mutual figures of the first three races at a selected track. Only the number immediately preceding the decimal point in the total counts. Thus if the totals for the first three races are \$28.50, \$35.70 and \$20.00, the winning number would be the combination 8-5-0.—Editor's Note.)

You have only one chance in a thousand of picking the winning number and should receive \$10 or a winning penny, bet, but the bookie payoff ranges between 500 and 600 to 1. By and large the operating ring gets 46 to 55 per cent of all the money wagered on the numbers.

The numbers game has become so popular it is believed some 10 million people participate in it.

Numbers runners who formerly waited on street corners and hung around pool rooms for their nickel and dime customers have become messengers, janitors and elevator operators in large organizations so they can contact players who are willing to wager several dollars a day.

"I've been in this numbers racket for 20 years," a runner explained to me. "I used to write numbers on the street, hoping to get enough nickel and dime players to earn myself \$10 or \$15 a day. Every couple of months the

cops would run me in.

"But now I have an easy job in a hotel where there are customers all around me. Instead of writing nickel and dime bets, I am dealing in half-dollar and dollar bets and making \$50 to \$75 a day."

According to a recent article in Collier's by Albert Q. Maisel, a Ford Co. investigation revealed that a numbers ring in one of its plants grossed more than 5 million dollars a year. And this ring was only one of five operating among Ford employees!

It happens occasionally that there is a heavy play on a number that continues to recur as a winner. When this sort of thing takes place, the operators find it very convenient to leave town for greener pastures.

The "policy game" is a slight variation of the numbers racket in which the winning number is determined on the basis of the United States Treasury balance or some other unpredictable figure. Its operators also take in from 46 to 55 per cent of all the money wagered.

Running a numbers game calls for a surprising degree of ingenuity since there are continual brushes with the law.

As a result of police pressure, some numbers operators have devised a new system of distribution and collecting. Formerly, one man made the distribution,

of the Nation compete on the gridiron.

Bettors select their choices of any number from 3 to 10 games. If a player picks three winning teams, he is paid at the rate of 4 to 1. However, the mathematical probability of selecting three winners is 1 chance in 8, assuming there are no ties.

If there is a tie game in the football lottery, the operator wins the wager by virtue of his own say-so.

You may think that the study of the past performances of each team would help you pick the winners. However, the operators of the lottery eliminate that possibility to a large degree by having a professional football handicapper rate the teams.

The "superior" team is handicapped by several or more points. Thus, one team is said to "spot" the other so many points. The handicap makes selection so difficult that about half the players select one team while the other half select the other team.

The football pool offers odds of 9 to 1 on four winners, but the real odds are 15 to 1, so he has a "take" of 37½ per cent.

For five winners the odds offered are 15 to 1 (real odds, 31 to 1; take, 50 per cent); for six winners, 29 to 1 (real odds, 63 to 1; take, 53 per cent); for seven winners, 39 to 1 (real odds, 127 to 1; take, 69 per cent); for eight winners, 74 to 1 (real odds, 255 to 1; take, 71 per cent); for nine winners, 99 to 1 (real odds, 511 to 1; take 80 per cent); for 10 winners, 199 to 1 (real odds, 1023

to 1; take 80 per cent) and for 9 out of 10 winners, 29 to 1 (real odds, 101 to 1; take 71 per cent).

No attempt is made to indicate the operators' additional advantage in the event of ties since there is no way to determine their mathematical probability. (Tomorrow: Why you can't beat pinball and slot machines.)

Decrease In Crippling Is Main Gain Against Old Mystery Malady, Polio

(EDITOR'S NOTE: This is the first of three articles by AP Science Editor Howard W. Blakeslee, explaining what is known about infantile paralysis, how you can take precautions against catching the disease, and what to do if it strikes your family.)

By HOWARD W. BLAKESLEE Associated Press Science Editor

NEW YORK—(AP)—Children have had polio—infantile paralysis—since ancient times. Today a higher proportion recover without crippling.

This is the only gain, and all in the present century. The gain comes from better nursing, and not from anything else.

Almost everyone has had polio, but only a few even become sick. How the disease works in most of us who don't get ill is entirely unknown.

But what happens in the sick is well known. It is in your spinal cord. This cord is the cable carrying nerves from the brain to branch out, like switchboard wires, to all parts of your body.

One Set Vulnerable

One set of nerves in this cord governs muscles. Polio chooses, for some mysterious reason, to attack these particular nerves and no others. These nerves are made of horn-shaped cells.

Polio damages or destroys horn cells. Among all nerves, these horn cells alone are unable to regenerate themselves. Once gone, they break the muscle-nerve cable for life.

Without these nerves in the spine, muscles shrink. No other part of your body is damaged.

Polio can strike at any point along the spinal cable. If it hits high up, it paralyzes arms and hands. If in the mid-spine, polio hits the muscles of breathing. If low down, it paralyzes leg muscles.

There is an additional point of attack, in the "bulb," a rounded thing, half the size of a thumb, at the top of your spine. This location of polio brings most of the deaths.

The cause of polio is a virus, a very tiny particle made of protein. How this particle does its destruction is unknown.

Two kinds of polio virus are known. More are suspected. You can have polio more than once, one attack for each kind of virus.

In epidemics, those who recover without any bad effects, range from 40 to 70 percent. Sometimes there will be 70 per cent complete recoveries without any medical care whatever. Sometimes the death rates and crippling are high, despite care.

Virus Changes

This contradiction is due to the virus being different from year to year. Sometimes virulent and sometimes mild.

In epidemics, hardly more than one child in 300 gets visible polio. The highest susceptibility is from ages four to nine. But polio can hit adults, and recently in the United States the adult victims have been increasing.

Nursing care, to help the body fight its own battle, is all that can be done in polio. There are two special aids. One is heat. The other, movement of stricken muscles. Both are Sister Elizabeth Kenney's contributions and have done more than anything else to reduce crippling. Others than Sister Kenney knew the merits of these two treatments, but she was the person who did most to convince doctors. Both treat the paralyzed muscles and not the horn cells. Nothing now

known does any good for the stricken cells in spinal cords.

Early diagnosis—detecting the disease, is the most important single thing to be done. And the most difficult. The only scientific proof is to use spinal cord fluid to make a monkey sick. This test takes weeks and hundreds of dollars. A recent French test promises to do something similar with mice in two weeks. Birds are too slow to help your child.

Keen doctors and nurses have to make the decision with the eyes of experience.

Next—How to keep from getting polio.

NEW GARDEN

Mr. and Mrs. Regis Englert, Mr. and Mrs. Robert Englert of Greenford visited Sunday with their parents, Mr. and Mrs. Frank Englert.

Mr. and Mrs. Homer Messer and children attended a picnic dinner at the home of Mr. and Mrs. Murlan Nihart of Minerva.

Mrs. Deibel, who works at the Harvey Fife home, spent the week-end with her daughter and family, Mr. and Mrs. Dan Conser of Adair.

Mr. and Mrs. Wilbert Ames and Mrs. Jean Webber returned home Friday evening after attending a Watkins demonstration in Columbus since Wednesday.

Several from here attended the 75th anniversary of Butler grange Sunday with a basket dinner and afternoon program. Certificates were given to members of 25 years of membership. Joseph Vogelhuber of the Salem-Winona rd. is the grange master.

Celebrate Birthdays

A birthday party was held at the home of Mr. and Mrs. Donald Smith in honor of their daughter, Sandra Kay and Bonnie Lou Aegerter, daughter of Mr. and Mrs. Ernest Aegerter. About 20 children were present. Gifts were received by both honorees. Ice cream and cake was served by the honoree's mothers.

Free To Children

COLUMBUS, Aug. 4—Children under 12 will be admitted free to the Ohio State fair opening Aug. 28, Fair Manager H. E. Foust announced today.

Heretofore only those 6 or under have been admitted free.

Byrd Plans New Antarctic Trip

NEW YORK, Aug. 4—Rear Adm. Richard E. Byrd, veteran Polar explorer, plans to lead a new naval expedition to the Antarctic next winter, the New York Times said today.

Both Byrd and the Navy, queried about similar reports some weeks ago, refused to comment.

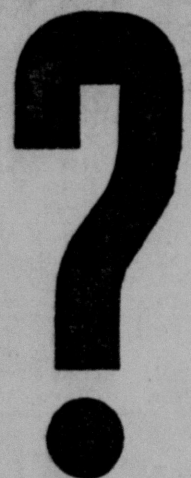

The Times said about 3,500 men and eight ships have been earmarked for the expedition, plans for which still must be approved by the secretary of defense.

The tentative sailing time was given as October.

yesterday directed the Army to turn its ships over to a new navy-directed Military Sea Transport Service (MSTS). The next step will be to set up a land transportation service under Army control.

The Army has been operating 129 ocean-going vessels, including 66 passenger transports, 53 cargo transports and five tankers. It also has 191 ships under charter. All these now are being assigned to the MSTS.

Navy Takes Over All Army Ships

WASHINGTON, Aug. 4—(AP)—The Navy has been ordered to take over all the Army's ocean going vessels in a new move to reshuffle military transportation functions.

In a similar action some time ago, Naval Air Transport had been switched over to the Military Air Transport Service (MATS), which serves all three branches under Air Forces control.

FARM NEWS OF LOCAL INTEREST

Berry Farm Tour

Berry growers of Columbiana-Mahoning counties will tour the farms of several growers in the area on Saturday, Aug. 13.

The group will meet at the Oliver Duke farm, one mile southwest of Greenford at 10:00. Other farms to be visited during the day include Lewis Hoffman, Canfield; H. D. Cope & Son, Rogers; and Kim Crawford & Son, Rogers.

Vernon Patterson, extension horticulturist from Ohio State university, will lead the discussions on the tour.

Roughages Dairy Topic

Some of the factors involved in feeding calves on a high roughage diet will be discussed at Dairy day Aug. 12 at the Ohio Agricultural Experiment station at Wooster.

J. W. Hibbs and W. D. Pounden, of the Dairy Industry de-

EAST GOSHEN

Mr. and Mrs. Carl Shewell entertained Mr. and Mrs. C. A. Malmesbury and daughter Ruth Alice at dinner Sunday.

The event honored their daughter Cora Delight and Ruth Alice Malmesbury in observance of both girls' 13th birthday anniversaries which occur near this date.

Table appointments were pink and white and gifts were presented the honorees. The afternoon was spent visiting and taking snap shots.

Prayer meeting at the East Goshen Friends' church Thursday evening will be led by the pastor, Rev. Harley Bowerman.

Members of the East Goshen W. C. T. U. met with Mrs. Clyde Whitacre Tuesday.

Entertain Band Mothers

Mrs. William Myton entertained members of the Goshen High school Band Mothers association Monday evening.

Mrs. Harry Haberler and her father George Barber attended the Owen reunion at Orwell Sunday.

Hear Talk On U. N.

Mrs. Mary Malmesbury in company with Mr. and Mrs. Harold Hoover of Alliance attended a meeting at the Church of the Brethren in Hartsville Saturday evening when Andrew W. Cordier of the U. N. at Lake Success gave an address.

Mrs. Mary Malmesbury attended services at the Evangelical Reformed church, Alliance Sunday, and the picnic dinner in the church basement.

Mr. and Mrs. Merle Sherrett and family returned Monday from a weekend visit with Mr. and Mrs. Howard Shreve and family at Ambsden.

Mr. and Mrs. Charles Corbett of Cleveland spent the weekend with their mother, Mrs. Blanche Thompson and family.

Roland Clark and sons of St. Joseph, Mo., are visiting Mr. and Mrs. Louis Warren and family.

Mr. and Mrs. Donald Whitacre of Akron and house guests, Mr. and Mrs. Harry Hamilton of Wellsville visited Mr. and Mrs. Clyde Whitacre and family Saturday evening.

Mrs. Mary Stanley and son Albert of Dalton visited relatives and friends here last week.

Mr. and Mrs. Earl Stanley of Lawton, Okla., visited relatives and friends here recently.

Mr. and Mrs. Clyde Whitacre and family and Mrs. Kathryn Whitacre called on Mrs. Ida Maris of Newton Falls Sunday.

Roland Clark of St. Joseph, Mo., called on Mr. and Mrs. C. A. Malmesbury Monday.

When you begin to develop that "bay window"—when sagging stomach muscles rob you of vigor and vitality—then common sense dictates that you turn to Chesterfield abdominal supporter! You'll find that you feel better and look better—trim... youthful... athletic—when you wear this truly scientific device. And best of all, our perfect supporter will keep you cool—because it's specially designed of porous latex that lets the air get through to your skin. Stop in today and let us fit a supporter to your measurements. Only \$3.50.

ardists who are anxious to keep abreast of the latest developments in their field cannot afford to miss this event, believes the station horticultural staff.

Spittle Bug Damages Hay
Recent investigations have shown that the meadow spittle bug has been responsible for large decreases in yields of red clover and alfalfa hay, states C. R. Weaver of the department of entomology at the Ohio Agricultural Experiment station.

The spittle bug is the insect that forms white frothy masses of "spittle" on clover, alfalfa, grasses, strawberries, and many weeds in the spring, continues the entomologist. The young or immature insect occurs within a mass of "spittle". During the past four or five years the bug has increased tremendously in abundance and in many cases has become a critical problem in Ohio.

Tests conducted on legume crops at the Ohio station this year were designed to eliminate the spittle bugs from some plots and allow them to develop on others. Where the insects were eliminated, 40 to 55 percent increases in hay yields were noted. Nutritive value of the hay was also higher in these plots.

The insecticidal materials used were sprays and dusts of benzene hexachloride. Early applications were most effective; those applied late in April or early in May resulted in greater yields than those obtained when the insecticides were applied as late as the third week in May.

The problems of insecticide residue in the hay, lack of coverage of the plant, and damage to the plants by running the spray equipment through the field were also reduced by early applications, concludes Weaver.

Feature Exhibits Orchard Day

Numerous educational and commercial exhibits will be featured at Orchard day Aug. 18 at the Ohio Agricultural Experiment station at Wooster.

Various aspects of the research program will be demonstrated by displays of equipment and pictures. The type of horticultural material taught to students at the Ohio State university will also be illustrated.

The botany and entomology departments will conduct clinics at which fruit growers may secure answers to their pest control problems. Various commercial concerns will be on hand with the latest equipment and supplies.

This is the fruit growers' open house day at the station. Orchard

GREEN FIREMEN PLAN FESTIVAL

GREENFORD, Aug. 4—Greenford is preparing to entertain and accommodate a large crowd Saturday evening when the Green Township Volunteer Fire department holds its sixth annual homecoming and festival.

Green township, one of the most prosperous rural townships in Mahoning county, had never had fire fighting equipment prior to 1945. A bond issue helped in the purchase of the fire truck. The festival profits bought much of the needed equipment.

In the past year a building was erected to house all fire equipment. Last week open house was held at the new fire house where a 1400-gallon booster truck was displayed. A chassis was purchased and the firemen did volunteer work in building this. They also did much of the work on the fire house.

There are about 30 registered as members of the fire department. The festival scheduled Saturday evening will feature the High School band, musical program from Youngstown and a country store.

At the present time Myron Griffith is president, Harry Gee vice president, and Robert Slagle the secretary-treasurer of the organization. Audley Kuhns is fire chief.

They Meet In St. Louis For Golden Wedding

ST. LOUIS—An English couple made a sentimental journey here to celebrate their golden wedding anniversary.

Mr. and Mrs. Charles Young of Manchester, England, were married in St. Louis in 1899.

Mrs. Young, the former Elizabeth Cunliff, was brought to the city from England by her father in the 1890's. But Young followed her. The two were married and returned to England.

Their visit here was their first since the wedding.

Second Honors Claimed

LOUISVILLE, Ky. — Kentucky is establishing a reputation as "mother of vice presidents."

Election of Alben W. Barkley, Paducah, Ky., marked the third time a Kentuckian had been selected for the nation's second highest job.

METERS PAY AT COLUMBIANA

First Month's Revenue
From Parking Totals
\$739.25

COLUMBIANA, Aug. 4—Collections and fines from parking meters for July, the first month of operation, amounted to \$739.25.

Regulations became effective Saturday, July 2, and collections for the four weeks totaled \$544.25. Parking meter fines were \$185, making up the remainder of the revenue for the month.

Collections of \$142.66 for the second week were the highest.

City council, at its meeting Tuesday evening instructed the clerk to advertise for bids for seal coating three streets and parts of two others to preserve the paving. Woodland and Fairfield avenues and Middle and South Cross and South Pearl streets are to be treated.

The clerk was instructed to advertise for bids for a 1½-ton stake truck for the board of public affairs.

Eight bids have been received for providing Columbiana with a new fire engine to replace No. 1 pumper purchased in 1922. Bids being considered have been reduced to five.

Solicitor R. G. Oakes, who had been instructed to draft an ordinance for the regulation of trailer camps, presented a draft which was discussed at length, but went over for further consideration at the next meeting Aug. 16.

Legion To Be Represented
Norman Pregenzer, Sr., and Richard Lehman, delegates, and Marcus Hum, alternate, will go to Columbus Friday to represent Firestone Legion post at the Legion state convention Saturday, Sunday and Monday.

Firestone post has elected officers for next year to assume office Jan. 1. Those elected are: Commander, Fred Fritsch; vice commander, Richard Lehman; adjutant, William Keller; financial secretary, Jack Lindsay; finance officer, Paul Reeves; chaplain, Russell Beck; sergeant at arms, John Ellis.

Work on remodeling the post home on N. Pearl st. is progressing under the direction of Thomas Snyder, a member of the post.

Route 7 Not Ready
Reports that Route 7 would be open next Monday for travel by

way of the new bridge over the Pennsylvania railroad are in error, as the road will not be thrown open for a couple of weeks. Carl Myers of the Myers Construction Co., in charge of the work, said yesterday it would take the remainder of this week and all of next week to finish seeding the sides of the fill for grass.

Other finishing touches will be completed before the highway is thrown open. Work on the project was started July 5, last year, and it was to be completed by November, this year.

Pool Has Biggest Month
With receipts of nearly 425,000, July was the biggest month in the history of the Firestone swimming pool. The receipts are exclusive of the baby wading pool, for which no charge is made.

Oil Company Buys
The Texaco Oil Co. has bought of Firestone Legion post the large vacant lot at E. Park ave. and S. Elm st. Surveys are being made, although the purchaser's plans have not been made known.

Towasi class of the Presbyterian church will have its annual breakfast at Firestone park Sunday morning at 9.

'RUBBER HIGHWAY'

Motorists Testing Route 14
Experiment East Of
Columbiana

A "rubber road" for rubber tires to roll on has become a reality.

A mixed rubber and asphalt experimental pavement was recently laid on Route 14, east of Columbiana near the Firestone experimental farm.

It was installed by the state highway department to test claim of the rubber industry that rubber powder mixed with the usual asphalt greatly improves the durability of blacktop highways and cuts their maintenance costs.

Traffic Heavy
Route 14 was picked because it is a heavily traveled truck route, the main Cleveland-Pittsburgh highway. Many Youngstown users use it as a route to Pittsburgh. It will be tested frequently by state highway and Firestone Tire & Rubber Co. engineers for durability.

The powdered rubber was mixed with asphalt topping material, then spread over the road surface by regular road-building machinery. This rubber powder binds the asphalt more tightly in the road, rubber engineers say. In hot weather it retards melting and helps prevent softening and breaking down of the pavement under heavy use. In cold weather it retards contraction, helping to prevent water and frost from permeating and disintegrating the surface.

The Firestone company, a leader in the experiments, also holds that the rubber roads are safer because of their characteristics are improved, and the resiliency prevents the road surface from shattering under heavy truck load impacts.

Thesis Futures
Are Found Bleak

BERKELEY, Calif., Aug. 4—(AP)—You work many months, maybe years on a thesis for a doctor's degree.

Then what happens to the thesis?

Well, University of California officials admitted today 120 written by candidates for masters' and doctors' degrees were burned in the city dump.

"A terrible mistake," they said. Dr. William Dennis, dean of the graduate division, said they disappeared enroute from the campus storehouse to the university library.

"It is extremely unfortunate," he added. "We do not regard the work of our students lightly."

The university is hunting widely scattered authors to get copies.

The thesis dealt with many subjects, including "studies on the arsenolysis, phosphorolysis and beta amylose hydrolysis of amylose and amylopectin."

AVIATION NOTES

News of Activities of
Salem Airmen, Local
Flying Fields

Robert Wilde, Jr., of Perry Grange rd. made his first solo flight Tuesday evening to join the dozens of other active airmen in the Salem area.

He made the solo hop in an Er-coupe at the Salem airport, Joe Steen, chief instructor, reports.

Wilde started his flight training before the war but was in the Army ground forces during service months.

Sounds Like a Lot

LENOX, Mass. — It required \$4,820,000 in postage (Chinese style) to bring a letter from a Canton, China, man to his father, Wong Jong, in Lenox. However, in American money the stamps represented only about a half dollar.

American League Wins Out 5-3 Over National Softballers

Tight Ball Game Marred By Walks, Wild Pitches; All Runs Listed Unearned

American league All-Stars are victors today over their brothers of the National softball loop, but no one seems too happy over the type of victory posted Wednesday evening at West End park before a huge benefit game throng.

For the victory, by a 5-3 margin, wasn't warped up on the best softball playing Salem has ever seen.

In fact, all the runs scored by both sides are on the "unearned" side and the big trouble was with the pitchers themselves. Three wild pitches were recorded in the otherwise tight fray and runs resulted in each case.

In the other All-Star feature, the Old Timers—Kelley's bone creakers—managed to heap an entertaining 12-7 loss on the Class B All-Stars.

The preliminary between the South Side Sunocos and the Red Caps, women's teams, saw the Sunocos win by a 19-8 margin.

Hitting was at a premium in the featured tilt, and the six hits that were divided equally between the two teams actually had little to do with the scoring. The hits, in two cases, produced the punch to get the runs across, but the runners had been put on the sacks and advanced by either walks or misuses.

The Americans opened with two runs in the first, scored on a combination of two walks, an error, a fielder's choice and Howdy Kerr's single.

The Nationals came back to tally after Cameron was walked and scored on a wild pitch.

The Americans tallied again in the third, Jackie Lutz getting his second walk to start the brief parade. "Dempsey" Balsey sacrificed, Toots Hrvatin struck out and Johnny Hart's single pushed the run across. It was 3-1 until the fourth, when the Nats came through again.

In that frame Peanuts Debnar was safe on an error, advanced to scoring position on the pitches and scored when Ralph Moffett lined the prettiest hit of the night out for a long single.

In the seventh, both teams tallied, the Americans twice to cinch the fray and the Nationals, still trying, got one.

The Nationals did it on a lead-off single by Red Hall, followed by another bingle by Eddie Duco and an error at first. The Americans put together a walk, one single and used a wild pitch by Wayne Russell to get their two.

The three American loop twirlers, Mutt Schaeffer, Kenny Brudery and John Zines, walked six men and fanned 11. The National hurlers, Dale Ritchie, John McQuiston and Russell gave up four walks, all costly, and fanned six.

Joe Kelley, league manager, pronounced the game a "fine success" financially, although a complete tally on the funds will not be available until all manager reports in.

Kelley said he believed it was

Tennis Finals Coming
LAKESIDE, Aug. 4—(AP)—Robert Thompson of Youngstown will face Clint Stevenson of Norwalk in finals today of the northern Ohio tennis singles tournament. Thompson defeated Ralph Haverfield of Columbus, 6-4, 6-2, in semi-finals yesterday while Stevenson trounced Walter Westbrook of Pasadena, Calif., 6-3 and 6-4.

DOM DI MAGGIO ON 31ST LEG TOWARD NEW HITTING MARK

Leads Boston to Pennant Threat; Yanks Pick Up Half Game On Tribe

By JACK HAND
(Associated Press Sports Writer)
Dominic DiMaggio, Joe's "kid brother," is sparking the Boston Red Sox's belated pennant drive with his 30-game hitting streak. The little professor must hit in 26 more consecutive games before he can tie his big brother's major league record of 56, set in 1941. Since he started the string June 29 he has averaged .357 with a liberal spraying of extra base blows among his 45 hits.

With DiMaggio on his batting spree, Ted Williams leading the league in hitting at .344 and the pitching staff rounding into form, the Sox look like the standard team they were supposed to be last spring.

Still third, six full games behind the New York Yankees and two back of second place Cleveland, the Sox once again are within striking distance of the leaders.

Ellis Kinder's 14-strikeout job in yesterday's 9-3 romp over the St. Louis Browns is the latest indication of Boston's newfound pitching strength. That was the season high for the majors.

Now Kinder owns a 14-5 record with two brilliant jobs in his last two starts against Chicago and St. Louis. Fitting into a regular turn with Maurice McDermott, Chuck Stobbs, Mel Parnell and Joe Dobson, he gives manager Joe McCarthy a solid staff.

Kinder was only four short of the record of 18 set by Bobby Feller as he mowed down the lowly Browns. He was tied up in a scoreless battle with Joe Ostrowski at the end of five and a half innings before Bobby Doerr's three-run homer helped Boston score four in the sixth. They batted around again in the seventh for five more runs.

The New York Yankees boosted their margin over Cleveland to four games by downing Detroit, 7-5. The Indians' scheduled night game in Washington was rained out.

Cliff Mapes' single drove in Bobby Brown and Joe DiMaggio with the winning runs in the eighth as the Yanks came from behind after Tommy Byrne blew a 4-0 lead.

Hank Bissanti, Connie Mack's rookie first baseman, saved his first hit of the season for a big moment, whipping Chicago, 3-2, with an eighth inning double. He had gone hitless in 17 trips this season.

St. Louis clung to its half game lead over Brooklyn in the National league by blanking Boston 7-0, last night after the Dodgers thumped Pittsburgh 10-5 in the afternoon.

Howie Pollet, pitching one of his best games of the season, hung up his fourth shutout and 14th victory with a four-hit job. He struck out six and walked only one.

Johnny Antonelli, who has lost five straight to the Cards was driven from the hill during a five-run spurt in the fourth inning.

Duke Snider drove in five runs with a homer, double and single as Carl Erskine pitched the Dodgers to an easy win over the Pirates.

The New York Giants, hottest club in baseball at the moment, ran their streak to six victories, dumping Chicago, 4-1, on Dave Koslo's five-hitter.

Ken Raffensberger of Cincinnati turned in the pitching gem with a two-hit shutout over Philadelphia, 2-0. Danny Litwhiler's 383-foot homer in the fourth gave the Reds their first run.

Only 29 batters faced Raffensberger. He gave up a single to Gran Hamner in the third and another single to Andy Seminick in the ninth.

SCHEDULE				
THURSDAY, Aug. 4				
5:45—E. F. vs Mullins				
7:00—Igloo vs VFW				
West End Park				
6:30—Parkers vs Democrats				
7:30—Jaycees vs Deming				
8:30—Amvets vs Diner				
FRIDAY, Aug. 5

5:45—Jaycees vs Swetyes				
7:00—Saxons vs Sanitary				
West End Park				
6:30—Bliss vs Fishers				
7:30—Lisbon vs CIO				
8:30—Mullins vs China				
THURSDAY, AUG. 4				
5:45—Sekelys vs Bliss				
7:00—Morris Oil vs Wattersons				

Batting—Duke Snider, Dodgers, drove in five runs with homer, double and single in Brooklyn's 10-5 win over Pittsburgh.

Pitching—Ken Raffensberger, Reds, and Ellis Kinder, Red Sox; Raffensberger shut out Phillies with two hits, 2-0; Kinder struck out 14 St. Louis Browns in winning 12th by 9-3 score.

Ben Hogan Honored As Ryder Captain

CHICAGO, Aug. 4—(AP)—Ben Hogan, golf's man of the year in 1948, has been honored with the captaincy of the U.S. Ryder Cup squad, although injuries suffered in an auto collision have sidelined him from links action.

The Professional Golfers' association announced yesterday that Hogan, the mighty bantam, will appear with the U.S. team in Boston, although he will not be able to compete.

On Aug. 27-28 at Boston's Belmont Country club the special challenge match will be played. The Ryder cup matches will be contested in England, Sept. 16 and 17.

Hogan was critically injured in a head-on automobile collision with a bus in Texas last February. His appearance at the Boston challenge matches will mark his first appearance at a major golf event since his accident. He will not be able to play in England either.

SALEM MERCHANTS TO PLAY LEETONIA IN FRIDAY CONTEST

The Salem Merchants are booked to play the Leetonia Crescents at the Greenford High school diamond at 6:30 p. m. Friday and will entertain the Sebring Carlis lumbars at Centennial park at 1:30 p. m. Sunday in a double header.

Manager Walt Mellinger asks that players report at the Memorial building at 5:45 p. m. Friday for the Greenford trip.

Confidence Oozes From Lesnevich

By JACK HAND
SUMMIT, N. J., Aug. 4—(AP)—Confidence oozes from Gus Lesnevich as he trains for his title fight with Ezzard Charles, the NBA heavyweight champ, at Yankee stadium a week from yesterday.

"I'm going to beat him," said mufin-faced Gus. "I'll go for a knockout if I can."

"I like Lesnevich," commented Jimmy Braddock, former world heavyweight king. Jimmy always has a good word for everybody.

"I'm satisfied the way he came along the last few days," said Joe Vella, Gus' roly poly manager.

There is an epidemic of optimism among the regulars at this friendly camp.

After a barbecue and five rounds of sparring with Henry Hall and Bernie Reynolds, Gus let the fight writers corner him.

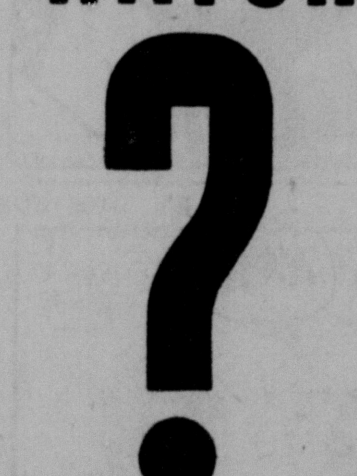

"Yes, I'm ready if it has to go 15 rounds," he said. "I won't get cautious. I think I'd open up if I get him hurt."

"No, I think Eagan (Chairman Eddie Eagan of the New York Athletic commission is wrong in not recognizing Charles. He's a good fighter and it will be a good fight but I'm going to beat him."

"Do I think Joey Maxim is better than Charles? Well, I think he is a better boxer. Who would I compare Charles with? He makes a few moves like Billy Conn and some like the Alabama Kid only he was a lefthander."

CLEVELAND RARIN' TO GO AT CELLAR-DWELLING NATS

Not That Tribe Would Slug Foo Who Is Down; But The Time Is Ripe

WASHINGTON, Aug. 4—(AP)—Not that the Cleveland Indians would slug an opponent who is down, but the boys are raring to get at the Washington Nationals in two games today.

There were glum looks in the faces of Manager Lou Boudreau's charges yesterday as they heard the details of New York Yankee and Boston Red Sox victories. The Tribe's night game with the Nats was washed out.

A win over Detroit's Tigers increased New York's first place margin to four full games. Boston, by knocking out St. Louis behind the 14-strike out pitching of Ellis Kinder, now is only two games behind the Indians.

The Tribe has not had too bad a road trip even with a mediocre 4-4 record. It would be tragic for them to fail taking full picks on the inept Nats, however, as the swinging Red Sox are sure to profit in 15 future games with Washington.

Frank Papish will probably start the twilight game of today's two-night doubleheader. Washington will counter with young Dick Weik. Weik lost his last start, 3-2, against the St. Louis Browns, but looked good anyway. He had a two-hit shutout until the ninth inning.

Papish has only started twice this year. The southpaw was lifted in a game against the Nats earlier this season after giving up only two runs in a bit more than eight innings. Bob Lemon took over in the ninth and the 3-2 loss was registered against him.

In his last go, against the Detroit Tigers, Papish had it all to himself. The lefty went the distance for an 8-1 win.

Bob Feller, who has been showing strong signs of regaining past form, is slated for the nightcap against Paul Calvert. The Van Meter, Ia., fireballer has an 8-8 record this season, two of his wins being over the Nats.

Feller was reported fully recovered from a slight back injury, but the extra day of grace won't do any harm. The night-cap will be a right-handed affair, since Calvert also is a righty.

Manager Lou Boudreau plans to use the same lineup he used in the series' first game. That means Bob Kennedy, who has hit a blistering .500 in 40 times at bat against Washington this year, will stay in right field.

Dale Mitchell, the Indians' slug-ging left fielder, will continue as lead-off man, followed by Larry Doby, usually fourth in the lineup. Boudreau will be clean-up man. Johnny Berardino will stay at third base during the series.

Cleveland will leave for Philadelphia after tonight's games for a set-to with the Athletics. The Tribe's ace pitcher, Bob Lemon, will start one of the games. Brilliant Rookie Mike Garcia also should see action.

Boudreau may also use Early Wynn, with a 9-2 record, Gene Bearden, 7-7, and Steve Gromek, 4-4 against the second division A's.

Junior Standish, Willowy Blonde, Likes Joe DiMaggio, But Thinks Tribe Will Win

NEW YORK—(UP)—Junior Standish, a willowy blond show-girl whose curves are strictly major league, today described Joe DiMaggio, her "steady fellow," as a guy who loves torch songs, western movies and base hits—not necessarily in the order named.

"Joe," explained the hazel-eyed Miss Standish, as she de-naured out into a two-inch steak, "is simply wild about torca songs. He listens to them by the hour."

"We go to see western movies practically every night. Joe thinks they're the greatest motion pictures ever produced but I think they're sort of silly."

DiMaggio met Miss Standish las May "through a mutual friend" and once called her "my good luck charm" during his period of recuperation

No Longer True To Call New Yorkers "Half Baked"

By INEZ ROBB
NEW YORK—(INS)—It is no longer fair or true for our fellow countrymen in the rest of the nation to refer to New Yorkers as half-baked.

As of this moment, we are the most thoroughly roasted, boiled, stewed, fried, frizzled, baked and broiled residents of the nation. We are done to a turn, burned to a crisp.

What the unremitting heat and humidity has done to us this summer shouldn't happen to a dog. We are depressed, dejected and de-lovely. And not worth our salt tablets as the record heat, which started off with a bank in June, continues into August.

This spell of weather is breeding up a new race of '49ers, tough and resilient though wilted. The blizzard boys of '88 have

boasted for 51 years that they are the rugged survivors of the most fearful weather ever visited on New York.

But we who survive this summer will be in no mood to give an inch to the blizzards. They saw icicles ten foot long. So what? They should see my next door neighbor bake a cheese soufflé on the sidewalk! I made our toast on the window sill for several mornings until I got tired of scraping away the burned part.

And when I absent-mindedly put a cup custard on that same window sill to cool yesterday, I went back an hour later to find it scorched.

I could think up other lies, too, if it weren't too hot. The chief annoyance of us city folk is these sweltering dog days

is the weather bureau. Our gripe is not that the bureau refuses to give us a change of pace but because it records the daily, official temperatures on top the 20-story Whitehall building.

Now this building is at the Battery, on the very tip end of Manhattan, washed by the waters of the sound and cooled by any vagrant harbor or sea breezes available.

This is patently a swindle. Any day it is a mere 97.8 degrees atop the Whitehall building, it is a good ten degrees hotter on the streets in mid-Manhattan. As the man in the street, I resent this. And so do all other New Yorkers. We want the world to know how much we are suffering and to what exact degree, either Fahrenheit or Centigrade.

Almost every New Yorker with spunk and pride has armed himself with a thermometer this summer, just to make a liar out of the weather bureau. A highly enlightened taxi driver who conveyed me home over burning pavements yesterday told me that the thermometer in the sun outside his garage in the Bronx yesterday registered 120.

Doesn't Doubt Veracity
I have no doubt of his veracity or that of his thermometer, as I registered the same temperature in the shade.

Then a reliable New Yorker who dwells on the thirteenth floor of an apartment house at 90th st. and Park avenue, and who is not a man to let the weather bureau make a monkey out of him, reports that at 10 a. m. yesterday, his trusty thermometer read 112 degrees in his drawing room.

This heat wave has done more for movie biz in New York than a dozen popcorn vendors in the lobby. Ushers have had to be put on guard against parties who bring box lunches and spent the day.

If anyone needs real proof of what the heat has done to the city, I can testify under oath that it put the autograph fiends, the most virile form of animals life,

out of business at the premiere of "Come to the Stable," a film devised by Clare Boothe Luce.

A big, brassy Broadway premiere of any Hollywood film usually spells trouble for every Broadway cop and all first-nighters whom autograph hounds rend limb from limb in their frenzies to get at celebrities.

Not a single fiend turned up at the opening of "Come to the

Stable." The heat had burnt 'em out.

As for "Come to the Stable," I'll go as far as to say that the theatre was air conditioned. But from here on out, I wish the Hollywood combined chiefs of staff would make a flat rule that no quasireligious picture can be filmed without the services of both Bing Crosby and Barry Fitzgerald.

FARMERS SOUNDER FINANCIALLY THAN AFTER FIRST WORLD WAR, FIGURES SHOW

While Ohio farmers have spent millions of dollars on improvements, soil conservation, and the purchase of new equipment since the war's end, farm debt has made no significant increase; and savings in cash, bank deposits, and United States Savings Bonds are at record levels, according to the Ohio Bankers association.

Ohio farm families are going through these final months of adjustment from a war to a peacetime economy with very little disturbance. "They are maintaining a sound financial position; and while they are using more credit for improvements and new equipment, their obligations are being paid off in relatively short time, and they are adding to their already substantial financial reserves; the association points out.

Reporting on the results of a fifth national survey of bank lending made by the Agricultural Commission of the American Bankers association, it said that "total farm debt held by the banks of the state at the beginning of 1949 was only about \$121,000,000, compared with \$108,000,000 on Jan. 1, 1948. In addition to this amount are \$3,060,000 in Commodity Credit Corp. loans held by the banks cooperating with the government's farm price support program."

In 1948, the last full year of operation, the 627 Ohio banks

serving agricultural communities loaned \$124,637,000 to 93,421 farmers. This represents a total of 42.4 per cent of all the farmers in the state. Of the total amount, \$4,212 farmers borrowed from the banks for production purposes in an aggregate amount of \$93,992,000. Of these loans, only \$50,835,000 remained outstanding at the beginning of 1949.

During the year, there were 9,209 farmers, representing only 4.2 per cent of the farmers in the state, who made farm real estate loans in an aggregate amount \$30,645,000. The prosperity of the farmers is shown by the fact that of these long term debts, only \$70,253,000 were outstanding at the beginning of this year. This was an advance of about five million dollars over the preceding year. The total bank-held farm debt on January 1, 1949, was \$121,088,000.

Better Record
The farm mortgage debt in Ohio remains only about one-half of what it was in a comparable period after World War I.

Farm borrowings are usually a reliable indicator of the economic condition of agriculture and that one of the brightest aspects of the present situation is the fact that the average loan per borrower during 1948 for production purposes was only \$1,116, and the average loan made on farm real estate was only \$3,328.

Cash reserves held by Ohio farmers, which are being consistently increased, are estimated to be sufficient to retire all farm debt, however, the farmers are wisely holding the reserves as a safeguard against emergencies and to enable them to buy new equipment and make farm improvements. The big demand for new equipment to replace that worn out during war years appears to have been satisfied. There is a statewide trend among farmers to improve livestock and crops and to practice modern conservation methods and land management. This trend insures a steady improvement in the condition of agriculture for many years in the future, it is explained.

Martha Zimmerman won first honors in a baton twirling contest at Chester, W. Va. Saturday night. The contest was under the supervision of Victor Favor of Cleveland, himself a national champion. He was assisted by Bill Cassidy. The contest embraced a radius of 75 miles.

New Method Developed
In Artificial Breeding

MINNEAPOLIS — Transplanting a fertilized ovum from one cow to another without surgery is the contribution of two midwestern scientists to the technique of artificial breeding.

Still in the experimental stage, the new method was developed by Arthur Dracy of South Dakota State College and W. E. Peterson of the University of Minnesota.

If refinements make the method practical for farm use, it will mean that scrub cows can be used to produce exceptional calves at a nominal cost, the scientists say.

The fertilized ovum, removed from a pure-bred high-producing cow, can be transplanted to the scrub. The calf borne by the scrub will inherit some of the original mother's characteristics.

Salem Township

Mr. and Mrs. Charles Wilhelm and Mr. and Mrs. Ralph Baker visited Mr. and Mrs. Paul Shafer in Pittsburgh Sunday.

William McTighe, who has been the guest of Grandma McTighe for a week, spent the weekend at John Keyser's.

Mr. and Mrs. Cy McLaughlin are vacationing at West Newton, Pa.

Delegates to Convention
Mr. and Mrs. Charles Herr are delegates to the Legion convention in Columbus.

Callers in the Roy Frederick home Sunday were Mr. and Mrs. Stewart Baxter of Alliance, Mr. and Mrs. Harry Davidson of Kensington, Mr. and Mrs. Clark Marshall of Leontonia, and Miss Pauline Marshall of Chicago.

Mrs. Bess Skelly has concluded a visit in the Roy Frederick home and went to Kensington Sunday evening where she will visit relatives.

Howard Wilhelm and family visited friends in Warren Sunday evening.

4 Star 4-H Club Meets
The 4 Star 4-H club met at the home of Lucille Cook last week. Mrs. James Pendry and Mrs. Shontz of Lisbon inspected and graded the work done by the girls. The club has 100 per cent completing the work. Cooking, canning and freezing were the projects.

Mr. and Mrs. Lloyd Binsley of Lisbon, Mr. and Mrs. Al Lee, Sr., of Detroit, and Mr. and Mrs. Al Lee, Jr., and son, were Sunday evening callers at Hicy Cook's.

Mr. and Mrs. Clyde Temple and Mr. and Mrs. Ben Weingart attended the grange celebration at Butler Sunday evening.

Mr. and Mrs. Charles Hart attended the Phillips church anniversary celebration Sunday.

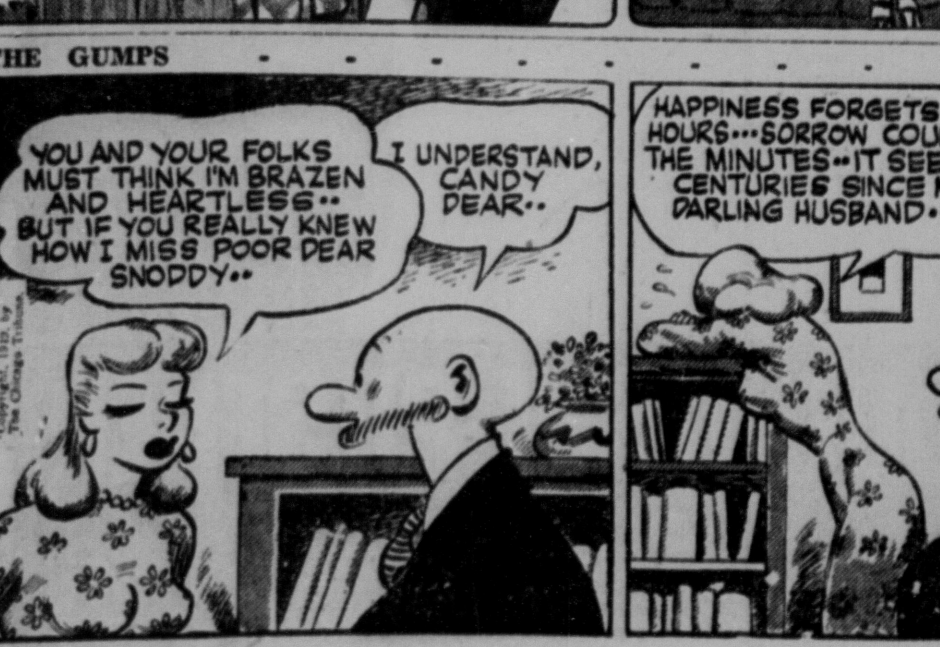

Plant Exchange Aug. 12
Midway grange will hold the plant exchange Aug. 12, as regular grange meetings are on the second and fourth Fridays of the month.

Mr. and Mrs. H. E. Painter of Millersburg and grandson, Mike, spent the weekend at the home of Frank Painter.

Mrs. Lottie Houk and Grace Johnson of Alliance were weekend visitors at Harry Holloway's.

Recent callers in the Alton Brinker home were Mr. and Mrs. Ben Weingart, Elma Hollis and Lloyd Zimmerman.

Mrs. Alton Brinker had the

For surgical treatment—Donald Nelson of Columbiana.

Returning home:
John Stapleton of Columbiana. Lee Althouse of R. D. 1, Salem. Thomas Owen of R. D. 4, Salem.

Glenn Hoopes of R. D. 1, Salem.

Mrs. Ralph Crumbacher of Columbiana.

Mrs. Wade Orr and son of 381 E. Seventh st.

Mrs. James Cope and daughter of 931 S. Union ave.

Mrs. John Wagner and daughter of 649 Prospect st.

Mrs. Orvil Wilson and twin daughters of East Palestine.

Recent Births
A son Wednesday to Mr. and Mrs. Wilbur Morlan of Columbiana.

Dr. Gladden Here Sunday
Dr. James Gladden, sociology professor at Mt. Union college, will speak at 10:45 a. m. Sunday in the Presbyterian church on the topic, "Where There Is Hope, There Is Life." W. W. Alspaugh will sing "The Blind Ploughman."

Slightly Improved
Atty. John Bauknecht of East Palestine, former county prosecutor, is in slightly improved condition today at Salem City hospital. He has been in the oxygen tent since his arrival at the hospital last Thursday following a heart attack.

Nazarene Outing
The Nazarene church and Sunday school will hold its annual

outing at 2 p. m. Saturday in Centennial park. A program of games with prizes is being arranged. Dinner will be served at 6:30.

School Picnic Friday
Jean Eckhart has been added to the teaching staff of the Baptist Vacation Bible school. The school will close Friday with a picnic lunch at 11:30 a. m. in Centennial park. Approximately 50 children are enrolled.

Hunters Meet Tonight
Members of the Salem Hunting club will meet at 8 tonight in the clubhouse.

Deaths
MRS. J. L. ENGLE
Mrs. Maggie Engle, 76, died of complications at 11:30 p. m. Wednesday at the home of her son-in-law and daughter, Mr. and Mrs. Herbert Cobbs of Beloit. She has been ill some time. Born at East Carmel, July 30, 1873, she was the daughter of Golden and Martha Pearson, and the last of her family.

Survivors besides her daughter include: Two sons, Golden and Clifford, both of the Beloit vicinity; seven grandchildren, and nine great-grandchildren.

Funeral service will be held at 2 p. m. Saturday at the East Goshen church in charge of the pastor, Rev. Harley Bowerman, with burial in the church cemetery.

Friends may call Friday evening at the Cobbs home in Beloit.

RAYMOND C. CRIFFIELD
Raymond C. Criffield, 31, of 221 Beaver st., Lisbon, died suddenly at 3:55 p. m. Wednesday in Salem City hospital.

He was taken ill Monday, entered the hospital early Wednesday for medical treatment and died soon after.

He was born July 9, 1918, in Hundred, W. Va., the son of Henry and Ola Criffield. He came to Lisbon 14 months ago from Hundred. He was a carpenter by trade and a member of the Church of God.

Survivors include his wife, Naomi McCoy Criffield; his father, Henry; three brothers, Merle and Gerald of Lisbon and Earl of Hundred.

Funeral service will be held at 2 p. m. Saturday at the Henry funeral home in Lisbon in charge of Rev. C. D. Plum of Parkersburg, W. Va. Interment will be in Lisbon cemetery.

Friends may call at the funeral home Friday afternoon and evening.

Joan Fontaine Leaves To Make Film: Won't Return
HOLLYWOOD, Aug. 4—(AP)—Joan Fontaine leaves today for Italy to make a picture—and as far as her Producer-Husband William Dozier is concerned, she says, she isn't coming back.

She announced their separation yesterday.

Ingrid Bergman Tumbles
HOLLYWOOD, Aug. 4—(AP)—Ingrid Bergman tumbled 30 feet down the side of a volcano on the Italian island of Stromboli, then got up to work 12 more hours in front of the cameras.

The accident happened Saturday, her studio said after receiving a cable from a writer on the picture Miss Bergman is making there.

She suffered cuts and bruises on her left arm and leg and was treated with penicillin.

McDonald Police Chief Shot Inspecting School
WARREN, Aug. 4—(AP)—The police chief of nearby McDonald (pop. 1,600) was shot in the leg early today when he left his cruiser to make a routine check at the rear of a school building there.

The officer, Harold W. Walls, 38, said he did not see his assailant. The place was unlighted.

Walls climbed back into his cruiser and drove to the police station. Later he was taken to St. Elizabeth's hospital in Youngstown. He was in fair condition. The bullet had gone through his right thigh.

Walls declined to link the shooting with his harassment of number and marble game operators at McDonald.

Yesterday Mayor Milton F. Wilkins sued Walls for \$50,000, charging the chief slandered him at a July 26 village council meeting. The mayor's petition charged Walls had accused him and a policeman of taking bribe money from gamblers.

Arrange To Help On Baseball Trip
LEETONIA, Aug. 4—Plans were completed at Wednesday night's meeting of the American Legion auxiliary to handle the food and refreshments on the DanDee baseball train going to Cleveland, Aug. 28.

Mrs. Joseph Leeson, president, is directing arrangements for the group and she expects 20 members to assist on the train. The baggage car kitchen will be placed in the middle of the 12-car train.

The executive committee of the auxiliary was named to nominate officers. They will report at the next meeting, Aug. 17. Mrs. Devere Grappy heads this committee composed of Miss Teresa McCue and Mrs. David Patterson. Election of officers will be held in September.

The next meeting will be a social affair. Mrs. Joseph Sporetta is chairman of the social committee, assisted by Mrs. Charles Herr, Mrs. Cyril Lees, Mrs. Gerald Hall and Mrs. William Macdonne.

Mrs. Chalmers Lodge, delegate to the 10th district auxiliary convention in East Palestine, reported on the meeting.

The auxiliary voted to contribute to the Donna Saunders fund.

Markets.

Walls climbed back into his cruiser and drove to the police station. Later he was taken to St. Elizabeth's hospital in Youngstown. He was in fair condition. The bullet had gone through his right thigh.

Walls declined to link the shooting with his harassment of number and marble game operators at McDonald.

Yesterday Mayor Milton F. Wilkins sued Walls for \$50,000, charging the chief slandered him at a July 26 village council meeting. The mayor's petition charged Walls had accused him and a policeman of taking bribe money from gamblers.

Arrange To Help On Baseball Trip
LEETONIA, Aug. 4—Plans were completed at Wednesday night's meeting of the American Legion auxiliary to handle the food and refreshments on the DanDee baseball train going to Cleveland, Aug. 28.

Mrs. Joseph Leeson, president, is directing arrangements for the group and she expects 20 members to assist on the train. The baggage car kitchen will be placed in the middle of the 12-car train.

The executive committee of the auxiliary was named to nominate officers. They will report at the next meeting, Aug. 17. Mrs. Devere Grappy heads this committee composed of Miss Teresa McCue and Mrs. David Patterson. Election of officers will be held in September.

The next meeting will be a social affair. Mrs. Joseph Sporetta is chairman of the social committee, assisted by Mrs. Charles Herr, Mrs. Cyril Lees, Mrs. Gerald Hall and Mrs. William Macdonne.

Mrs. Chalmers Lodge, delegate to the 10th district auxiliary convention in East Palestine, reported on the meeting.

The auxiliary voted to contribute to the Donna Saunders fund.

Deaths
MRS. J. L. ENGLE
Mrs. Maggie Engle, 76, died of complications at 11:30 p. m. Wednesday at the home of her son-in-law and daughter, Mr. and Mrs. Herbert Cobbs of Beloit. She has been ill some time. Born at East Carmel, July 30, 1873, she was the daughter of Golden and Martha Pearson, and the last of her family.

The Nation Today

By JAMES MARLOW
WASHINGTON, Aug. 4—(AP)—The United States is like a man searching for a door marked "doom" and another marked "salvation."
This is the picture given by the Atomic Energy Commission (AEC) in a 200-page report on its work.
Every six months the AEC has to make such a report to congress on its progress. The latest came out yesterday.
The first few pages are given over to the atomic bomb. Because this is secret stuff, you couldn't learn much with a microscope.
The story of the AEC's search for bigger and better bombs that would spell doom where they fall is stated almost dryly. It says:
"NEW AND MORE effective atomic weapons which were tested at Eniwetok in 1948 are in production."
Not much more than that. It was merely saying the AEC has gone far beyond the deadline of the primitive bomb that smashed Hiroshima and is making far more awful ones now.
But much of the report is like stepping into a world of sunlight and magicians.
Here the AEC tells the story of what's being done to use the atom in searching for a richer and better life for mankind.
It's a story of scientists, all kinds of scientists, plugging away in laboratories all over America, searching, searching.
There's a little section which says:
"Studying bloods in a bat's wing . . . at Argonne (a laboratory at Chicago) scientists studied the effects of radiation on circulation of blood in the wing of a small bat."
"They found that after the bat was exposed to radiation the circulation of the blood slowed down, largely because broken cells and other organic debris clogged the capillary vessels."
They are trying to find out whether animals can build up resistance to radiation. If they find out, it will help humans.
And there's this:
"At Union college, some 1,400 mice have been used to study the effects upon growth of life, and blood, by irradiation with an X-ray."
There is a little section called "benefits from atomic energy" and in part it says:
"Radiation that destroys the cells of cancer is one of the few effective means of controlling some forms of the disease . . ."

And there's this:
"At Union college, some 1,400 mice have been used to study the effects upon growth of life, and blood, by irradiation with an X-ray."
There is a little section called "benefits from atomic energy" and in part it says:
"Radiation that destroys the cells of cancer is one of the few effective means of controlling some forms of the disease . . ."

Denver . . . radioactive material is applied directly to the sex glands of rats to give information on the amounts that affect the reproductive system enough to cause noticeable changes in the physical characteristics of offspring."
There is a little section called "benefits from atomic energy" and in part it says:
"Radiation that destroys the cells of cancer is one of the few effective means of controlling some forms of the disease . . ."

Scientists have used radioiodine to treat people with an over-active thyroid gland, or with cancer of the thyroid . . .
"Surgeons have used radiophosphorus to locate brain tumors accurately during a dozen or more successful operations . . .
"Physicians have had time to test only a few radioisotopes in the diagnosis and treatment of disease. They are broadening their efforts month by month, improving their techniques and working toward a wider understanding of radioisotopes and their uses."
"In laboratory research, radioisotopes are proving of even greater value. As "tracers" they are helping scientists to understand life processes and mechanisms which have been only partly understood for lack of such a key to unlock their secrets."
The items listed here were picked at random from among many. It's a rich book.

U.S. WILL BASE JETS IN GERMANY

Air Chiefs Tell Of Plans To Be Ready For "Any Emergency There"

By ROBERT HAEGER
GRAFWOEHR, Germany, Aug. 4—(UP)—The United States soon will base an all-jet air striking force in Germany and will maintain its ground forces at present strength "ready for any emergency," the visiting U. S. chiefs of staff disclosed today.
Gen. Hoyt S. Vandenberg, Air chief of staff, and Gen. Omar N. Bradley, Army chief of staff, told newsmen here that there will be no cutback in the air and ground forces with which America will back up its commitments in Europe under the Atlantic treaty.
The only exception, Gen. Vandenberg said, will be the Berlin airlift. That is being scaled down gradually now that the Soviet blockade of western land and water routes to Berlin has been lifted.
Gen. Vandenberg said the recently regrouped fighter force in Germany soon will be entirely equipped with jet planes. He said the propeller-driven Thunderbolts, which were America's first-line fighters at the end of

World War II are being retired. The two generals talked with newsmen after reviewing with Admiral Louis E. Denfeld, chief of naval operations, the greatest post-war display of American military might in Germany, at Adolph Hitler's former army training grounds here.
Fully 17,000 troops of the crack first infantry division and attached units—half the U. S. Army's strength in Europe—paraded in battle array for the visiting generals and admiral. More than 100 planes, including jet "Shooting Stars," zoomed overhead.
The 90-minute review was marred only by a driving wind. As 100 tanks and more than 1,000 other vehicles rumbled by, swirling clouds of dust whipped into the faces of the visiting officers.
The strength of the 1st division, the only complete American division stationed in Europe, was increased from three to four regiments for the review.
To show its fire power, the occupation force paraded nine artillery battalions past the visitors. The 90-minute review included three light tank companies and a battalion of heavy tanks.
The joint chiefs spent an hour and one half before the parade in an inspection tour of the Grafenwoehr training grounds. The U. S. Army and Air force will hold joint autumn war games next month.

McGRATH ACCEPTS—Sen. J. Howard McGrath (D., R. I.) smiles broadly as he leaves the White House following President Truman's announcement that McGrath had accepted the post of attorney general. McGrath will replace Tom C. Clark, who has been named to the Supreme Court bench. The Rhode Island senator says he will resign his post as chairman of the Democratic National Committee when the Senate confirms his new appointment.

Costly To Kiss Wife In Public

GALESVILLE, Md., Aug. 4—(AP)—Because he was so vehement about his right to be kissed in public by his wife, Roy Miffleton, 31, of Washington is \$10 poorer today.
Miffleton was fined that amount yesterday by trial Magistrate Norman Hazard after testimony at a hearing developed that quite a rumpus ensued a wifely kiss on an outing Sunday at Mayo beach on Chesapeake Bay.
Mrs. Mary Trabing, wife of the resort owner, objected to such goings-on in public.
Miffleton objected to her objecting. Words flew hot and heavy. A crowd gathered. And then the police came.
At the trial, Judge Hazard said he wasn't fining Miffleton for publicly kissing his wife but for disorderly conduct afterward. The judge also levied a fine against a friend of Miffleton's, John Cain, a 26-year-old Washington policeman. Cain had been loud in supporting Miffleton's side of the controversy, testimony showed.

Mansion On Hilltop Is Dedicated To Unity

AFTON, Va.—A white marble mansion that gleams in the sun atop Afton Mountain near here will become a world cultural center for "the unification of mankind" if the foundation which established it reaches its goal.
It is more than an idle dream to its founders, Colgate W. Darden, president of the University of Virginia and former governor, said at its dedication that the mountain top estate represents "an actual establishment of breadth and vision."
Classes on "the love of God, beauty and the principles of balance in nature" already are being held in the mansion, named "Swannanoa."
The classes are being taught by Dr. Walter Russell, 77-year-old artist and head of the Swannanoa Foundation, which bought the former millionaire's mansion.
More than 700 persons visited Swannanoa when it was opened. Its lower floors have been filled with paintings, sculpture and statuary.
Dr. Russell said the foundation plans to erect a 300-foot statue of Christ on the same Blue Ridge mountain top and later another inspirational statue representing the Sermon on the Mount.

VAN HORN ADMITS PAY, SAYS NO SECRET

CLEVELAND, Aug. 4—(UP)—Ezra Van Horn, representative of coal operators on the United Mine Workers' retirement fund, said today he had been receiving \$35,000 a year since the fund was started and he became a member in 1947.
"There has never been any secrecy about it," he said, "but I have no further comment to make at all."
Van Horn and Senator Styles Bridges of New Hampshire were reported to be receiving \$35,000 a year for their services on the retirement fund. Lewis was reported as taking no salary as chairman. The report came out of testimony yesterday before a senate banking committee given by Miss Josephine Roche, director of the retirement fund.
Van Horn is president of the Ohio Coal association.

Lion Whips Tiger

FIVE AKRON FIRMS Suing AFL Union

CLEVELAND, Aug. 4—(AP)—Five Akron companies have filed suit against an AFL union as the result of an ironworkers' strike in Akron.

An estimated \$4,000,000 worth of building projects have been delayed or threatened with delay as a result of the strike, the suit declared.

The three construction companies and two steel erecting companies asked \$82,950 as damages from the start of the strike July 5, to July 31. They also asked \$3,300 for each day beyond July 31 that the strike extends.

The defendants are the International Association of Bridge, Structural, and Ornamental Ironworkers, with headquarters in St. Louis, and the union's Cleveland local.

The plaintiffs are the Carmichael Construction Co., the Weinstein Construction Co., the Clemmer Construction Co., the Portage Iron and Wire Co., and the Burger Iron Co.

The companies charged the union called a strike of about 90 workmen in violation of its contract and the Taft-Hartley law.

The Ironworkers belong to the Cleveland local of the union. Its business agent was not available for comment on the suit.

The contractors said the workers demanded the same hourly rate as in Cleveland, \$2.57½. They claimed that since 1937 there has been a difference of 12½ cents in the Cleveland and Akron rates, and that the current contract stipulates workers in Akron should be paid 12½ cents under the Cleveland rate.

LITTLE PEOPLE BACK WORLD STUDY

American Radio Town Meeting Staff To Make Trip

By LEO TURNER
United Press Staff Correspondent
NEW YORK—(UP)—America's "little people" whose dollars come the hard way are financing a \$60,000 world survey to find out what other people are thinking.

On June 25, grey-haired George V. Denny, Jr., moderator of America's Town Meeting of the Air, and six members of his staff, including his wife, who acts as his secretary, will fly to London to hold the first of 12 town meetings to be recorded in foreign capitals and flown back to New York for the American radio audience.

"The trip will cost \$60,000," Denny said. "We asked our radio listeners to send \$1 donations to pay for it."

Denny had a sheaf of letters from persons who had sent their dollars. One was from a California widow who said she was enclosing \$1 for herself and another for her son from her \$30 a month pension.

Some Send More
"Some of them sent much more," Denny said. "One man who heard us say we were still short \$20,000 sent another \$200."

Two advance agents of the Town Meeting of the Air are already in Europe arranging for local sponsors, halls and speakers. In addition, 28 American organizations ranging from labor unions to banking associations are paying the expenses of their own representatives to participate.

The entire trip will be made by air. The group will visit London, Paris, Berlin, Vienna, Rome, Ankara, Tel Aviv, Alexandria, Karachi, New Delhi, Manila, Tokyo, Honolulu and San Francisco and arrive home to conduct the final meeting of the series in Washington on Oct. 18. In addition, a special meeting will be held in Beirut.

discussions in English. The discussions, in English with a translation of the statements of foreign participants, will be broadcast over the Town Meeting's usual Tuesday night spot on the American Broadcasting Network.

The first will be from London on "Does the Socialist state tend to destroy individual initiative?" with Robert Byfield of the New York Stock Exchange and Capt. Peter Thornycroft, British Member of Parliament, saying yes and Max Lerner, American writer, and Harold Laski, British Labor Party leader, insisting that it does not.

The subject for Paris is "How can France and the United States help to insure a stable and prosperous Europe?"

"Our aim is to keep the American people informed so they can understand their responsibility in world affairs," Denny said. Organizations and individuals participating in the seminars will include Clarence R. Decker, president of the University of Kansas City and representing the American Association for the United Nations; Mrs. Althea H. Hottel, president of the American Association of University Women; W. L. Hemingway, St. Louis, of the American Bankers' Association; Alfred A. Albert, counselor for the American Civil Liberties Union.

Others Listed
Also George H. Wilson of the American Farm Bureau Federation; Irving Brown, American Federation of Labor; John J. Barnhart, American Legion; Mil-

ton E. Lord, Boston, American Association; de Lenseps S. Morrison, New Orleans mayor, American Municipal Association; Guy E. Snavelly, Association of American Colleges; Homer E. Frye of the Association of Better Bureaus, Inc.

Also Mrs. Grace Hare Frye, Columbus Town Meeting; Elmer Cope, Congress of Industrial Organizations; Brooks Emery, Foreign Policy Association; Robert W. Hansen, Fraternal Order of Eagles; Mrs. J. L. Blair Buck, General Federation of Women's Clubs; Roger Kvam, Junior Town Meeting; Miss Anna Lord Strauss, League of Women Voters; Fred W. Smith, Lions International Association for the Advancement of Colored People; Mrs. Edith S. Sampson, National Council of Negro Women; Willard E. Givens, National Education Association; Robert S. Byfield, New York Etock Exchange; Mayor George W. Welsh of Grand Rapids Mich., U. S. Conference of Mayors; Norman Cousins, United World Federalists; Peter Grimm, The Town Hall, Inc.; W. C. Denison, Jr., president of the Denison Engineering Co., and a representative of the Junior Chamber of Commerce.

Dispute By-Pass In Tiffin

TIFFIN, O., Aug. 4—(AP)—A plan to have U.S. route 223 by-pass this city was protested to city council yesterday by heads of 123 business firms. They said transients spent about \$750,000 annually in Tiffin.

In primitive blast furnaces, hand-operated bellows of skin inside cylinders supplied air to a mixture of iron ore and charcoal in a fire.

Rep. Bolton Tours England and Europe

SOUTHAMPTON, Eng., Aug. 4—(AP)—Rep. Frances P. Bolton (R-Ohio) arrived here yesterday to begin a tour of England, France and Italy. She is to report her findings to the house foreign affairs committee.

"I want to take back the real news about England," the Ohio congresswoman said. "I have not brought any extra rations and I intend to live here during my short stay as the people do."

Mrs. Bolton said some "unfortunate reports" had reached America that England is living on the fat of the land. "I want to be able to go back and say it is not true," she said.

Declaring she wanted to study particularly the effects of the British national health plan, Mrs. Bolton added she did not favor such a plan for the United States. "There are many other things we must try first before we go as far as the British compulsory plan," she said.

Rep. Bolton said she is paying her own expenses on the trip.

California Grew 'Em Big, Even Way Back In 1851

SAN FRANCISCO—The California Centennial Commission unearthed the following in the state patent commissioner's records for 1851, and turned up its nose at Iowa, the land of the tall corn; Texas, the land of the tall stories, and points east:

"On land owned by Mr. James Williams, of Santa Cruz, an onion grew to the enormous weight of 21 pounds, and a turnip was

grown which equalled exactly in size the top of a flour barrel.

"On land owned and cultivated by Thomas Fallen, a cabbage grew which measured while growing 13 feet and 6 inches around its body. The weight is not known."

"A beet grown by Mr. Isaac Brannan at San Jose weighed 63 pounds; carrots three feet in length weighed 40 pounds."

At Stockton, a turnip weighed 100 pounds; and at a dinner for 12 persons of a single potato, larger than the size of an ordinary hat, all partook, leaving at least the half untouched.

"These statements are vouched for by the twelve persons whose names are herewith given."

Most Road Mishaps Are Laid To Stupidity

MINNEAPOLIS—The stupid, the rude and the drinkers cause most of the highway traffic accidents in the nation, according to a survey by Northwestern National Life Insurance Co.

More than 24,000 deaths a year, or three-fourths of all highway fatalities, stem from the three types, the company said. And it's the stupid group—the "dimwits" according to the company—who are far in the lead among the three. Results were based on 1946, 1947 and 1948 records.

The major group totals 44 per cent of which 32 per cent are

drivers and 12 per cent adult pedestrians.

"Thus pretty close to half of our annual traffic death toll results from failures by driver or

pedestrian to use common sense," the company said.

Bad manners, such as road hogging and jumping the gun when the other fellow has the right of

way, cause another 15 per cent of the fatalities.

And the statisticians estimate that another 15 per cent of the traffic deaths are due to alcohol.

... IN TWO WEEKS!—Edward F. T. Rice, Colonie, N. Y., chemical engineer, acknowledges applause of friends as he sits on hood of the 1939 car in which he made a 9,243-mile tour of the 48 states in less than two weeks. The amateur endurance driver averaged 700 miles a day, "didn't so much as scratch a fender." (International)

NAVY'S FAST ACTION SAVES A SAILOR'S LIFE —

These dramatic pictures taken in the mid-Atlantic show how one of the U. S. Navy's special rescue methods saved the life of a seaman stricken with appendicitis on the 1949 Midshipman's Cruise. Lester T. O'Brien, of Cleveland, O., was transferred from the USS Fraser, which has no surgery facilities, to the USS Missouri on a stretcher. Once aboard, he was rushed to sick bay where a doctor made a rapid blood count. He was op-

erated on immediately, and a few hours later smoked a cigaret and grinned happily from his bed. "Operation successful" was written into the record and Seaman O'Brien spent his liberty in England right on schedule.

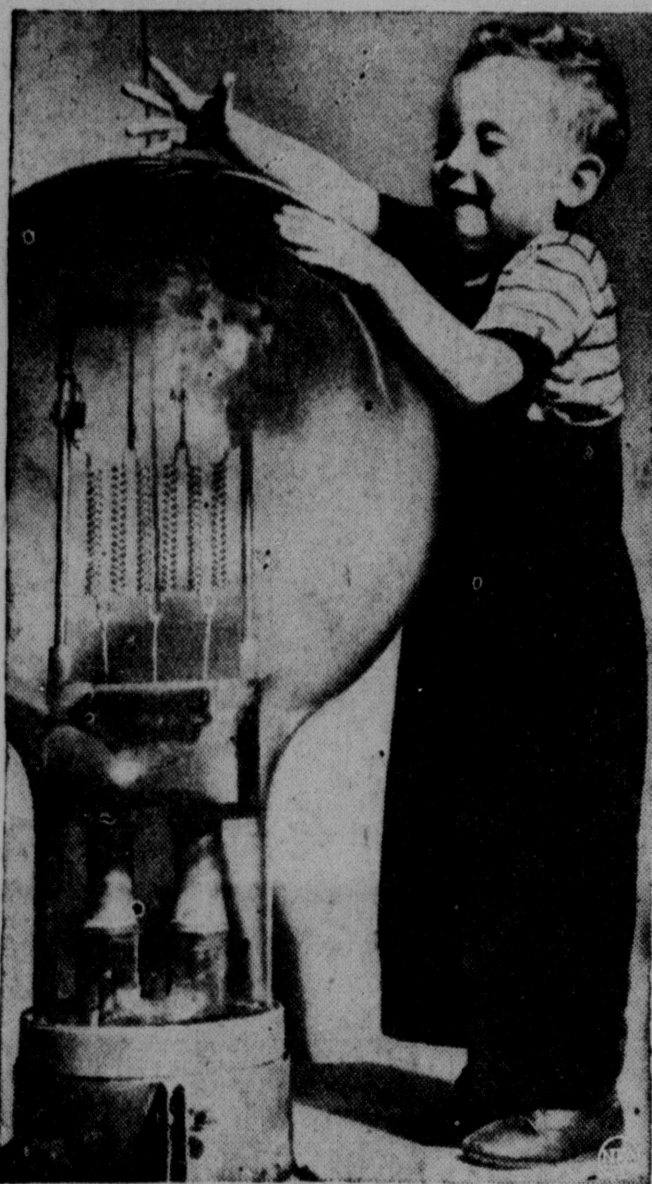

THIS IS A CLOSEUP of Mrs. Elizabeth Rugieni, 96, after her arrival in New York from Lithuania aboard the Army transport S.S. General Muir. Believed to be the oldest displaced person to come to the United States, Mrs. Rugieni was accompanied by her daughter and a grandson. She will make her home in Michigan. (International)

LOOK WHAT HAPPENED !

It's snow—real, honest-to-goodness snow—falling in Cleveland on July 28, with the temperature at 93. And it didn't take Jackie Steiner, 7, more than a minute to grab a sled and his ear-flap cap and go sledding in the stuff. Now if you're skeptical and don't believe this snow-in-July story, look below.

WILL SHINE OVER STARS

This huge incandescent bulb, the world's largest, will be used in New York at a movie premiere. The 50,000 watts it uses would be enough to run 250 refrigerators. Filaments inside the globe are thicker than an ordinary lead pencil as compared to the hair-thin ones in a 100-watt bulb. The lamp, 34 inches high and 64 inches around, will light up the sky to publicize a new motion picture.

GEORGE MORAN, famous as one of the "Two Black Crows" of the 1920s, is dead at 67 in Los Angeles, where he succumbed in a charity ward. Two decades ago he and his partner, Charles Mack, teamed in stage productions and comedy recordings to earn high salaries in show business. Mack was killed in an auto accident in 1934. Moran is shown in "Black Crow" costume, and without makeup. (International)

AND THIS IS HOW IT HAPPENED . . .

This snow-making machine created the snowfall shown above. The contraption belongs to a Cleveland ice and fuel company whose officials thought up a real brainstorm on how to save lawns during heat waves. They put chemical fertilizer in 300-pound ice cakes, haul them to the lawn, grind the ice into snow and blow it onto the grass. The snow melts to give the grass a good soaking and make it greener. The snow machine also blows pure ground ice on perishable produce in freight cars. It also can be used to make a good backdrop for a sleigh-ride-in-July picture.

SATIRA AGAIN—Exotic dancer Patricia ("Satira") Schmidt, above, recently pardoned by the president of Cuba for the yacht slaying of John Lester Mee in Havana, has been named "the other woman" in a separation action filed by the wife of a union business agent in Cleveland, O. The wife, Mrs. Louise Salupo, charged her husband followed Satira on her night club tours and was keeping the dancer in his Cincinnati apartment.

HEADED UPWARD — Maj. Gen. Maxwell Taylor, above, chief of staff in Europe, is expected to be named American commander in Berlin, replacing Brig. Gen. Frank L. Howley, who resigned after four years' duty there. Gen. Taylor formerly commanded West Point.

HE LOGGED HIS LAST ILLNESS—Lt. James O. Chiles, 25-year-old Navy pilot, seen with his wife and daughter, died of poliomyelitis in a Washington hospital. During the course of his last illness, Chiles, unable to speak, kept a log of the effects of the disease on his body. After his death, Mrs. Chiles released the notes in the hopes they might, in some way, help doctors who are studying the dread disease.

HOUSE WITNESS — Carl Strandlund, president of the Lustron Corporation, maker of prefabricated steel houses in Columbus, O., may be called to testify before the House Banking and Currency Committee investigating huge government loans to the company. The Reconstruction Finance Corporation, which has granted loans totaling \$34,500,000 to Lustron, also were scheduled to testify.

AIRMAIL SPECIAL—Second Assistant Postmaster General Paul Aiken, left, loads the "first flight" mail on a model airplane built by Denny Davis, of San Diego, Calif., during National Model Meet at Olathe, Kansas. This was the first time airmail had been carried in a model plane. Flight time was four minutes and 10 seconds. One of the little "letters" went to President Truman, the rest mostly to stamp collectors.

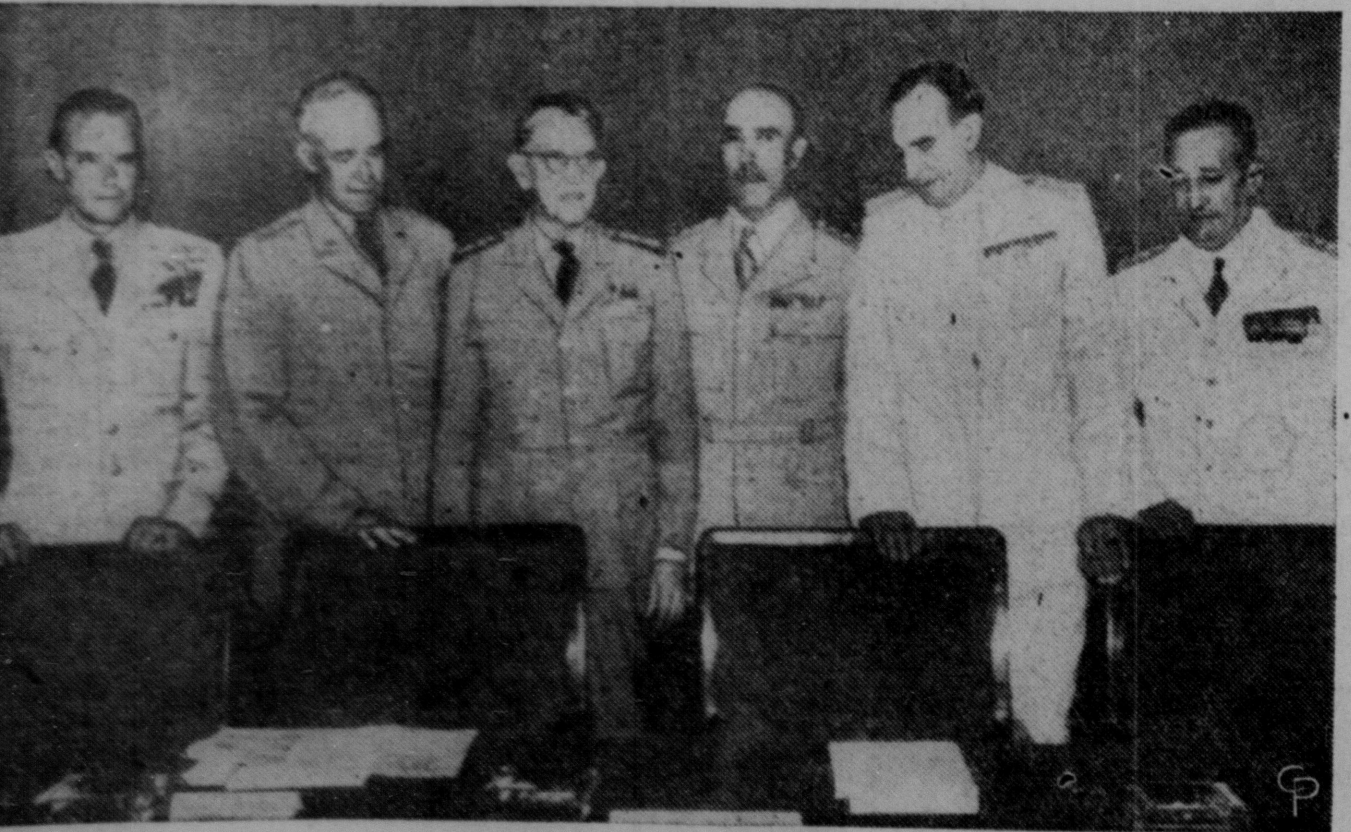

ARRESTED—Dennison Duble, respected civic leader and secretary-manager of the Cincinnati (O.) Clearing House Association, is under arrest in the breakup of a \$50,000,000-a-year nationwide numbers racket. Police say Duble admitted "fixing" the daily clearing house figures on instructions from the numbers racket headquarters in Newark, N. J. Duble will face charges along with 11 others in New York City of conspiring to rig a lottery.

MURRAY BLASTS BIG STEEL—Philip Murray, president of the CIO-United Steel Workers, left, appears with Arthur J. Goldberg, union attorney, at a hearing of President Truman's steel fact finding board in New York. Murray attacked the nation's steel management as "the most sanctimonious band of professional racketeers in this country." His remark was stricken from the record. The union is demanding an over-all increase of 30 cents an hour in steel workers' wages and benefits.

FLYING TO EUROPE to discuss the proposed military setup under the 12-nation Atlantic Pact: From left, Gen. Omar Bradley, Army chief of staff; Adm. Louis Denfeld, chief of naval operations; Gen. Hoyt S. Vandenberg, Air Force chief of staff; Maj. Gen. A. M. Gruenther, director of the joint staff. The four will talk to military leaders in several European cities. (International)

At Frankfurt (from left): Vandenberg, Bradley, Denfeld, Marras, Ferreri, Almone-Cat. THE U. S. Joint Chiefs of Staff conferred with high Italian chiefs of staff at Frankfurt, Germany, on military strategy under the Atlantic defense pact. Attending: Gen. Hoyt S. Vandenberg, Air Force; Gen. Omar Bradley, Army; Adm. Louis Denfeld, chief of naval operations; Lt. Gen. Erisio Marras, Italian army; Vice Adm. Emilio Ferreri, Italian navy; Lt. Gen. Mario Almone-Cat, Italian air force. One subject reported

Rhine defense line and possible new Elbe river defense line: under discussion by the U. S. officers on their 10-day tour is whether to move western Europe's defense line from the Rhine to the Elbe river. The Elbe is a Soviet occupation boundary. (International Radiophoto)

AFTER A SUCCESSFUL test flight, Great Britain's bid for commercial air supremacy, the 500 miles-an-hour de Havilland Comet jet airliner, is shown beside a small craft at an airfield in Hatfield, Eng. The conventionally streamlined ship with swept back wings rose to 8,000 feet. Aviation authorities said the 36-passenger, four-jet transport plane is expected to go into full commercial operation in 1952. (International)

'Atomic Cocktail' Drink Gives Man Cancer Relief

NEW YORK, Aug. 3—(UP)—A prominent advertising executive credited his miraculous recovery from cancer today to the regular drinking of an "atomic cocktail" which made him radioactive enough to set Geiger counters chattering like a troop of frightened monkeys.

I. S. Randall, writing in the American magazine, said he had absorbed more atomic medicine than any other patient known to science. He said a cocktail of radioactive iodine a month during the past year had converted him from a stretcher case to "a useful member of society brimming with atomic energy."

"My experience proves that the atom can save life as well as des-

stroy," he said. "Today we stand on the threshold of a whole new era of scientific progress."

Randall, 57, first was treated with radio-iodine at the Kingsbridge Veterans hospital in the Bronx last September for what was believed to be a broken vertebra suffered when he slipped down a flight of stairs. The iodine was processed in the Atomic Energy commission's plant at Oak Ridge, Tenn.

A minute examination revealed that Randall was suffering from thyroid gland cancer. The cancer cells from his throat had spread to his spine and eaten away the vertebra until it was only a shell when it was shattered in the fall. The cancer also had spread to his shoulder bones.

"Although the cocktail contained 80 times as much radio-iodine as used in tracer doses, it looked and tasted like plain water," he wrote. However, I noticed the doctor and physicist kept their distance while I drank it. The next five days I spent in an isolation ward, a sign on the door saying: "Radioactive—keep out!"

Relieved of Pain

Randall said the first two cocktails relieved him almost entirely of pain and permitted him to move about. His third

cocktail enabled him to go home for Thanksgiving but he was warned to stay away from his 15-year-old nephew. He was told he was radioactive enough to cause sterility in young persons.

By January Randall was permitted to return home. The hospital called a conference of prominent doctors to examine him. Randall said many of them were "incredulous" until a Geiger counter rigged to a public address system roared "like ocean surf" and finally jammed when placed next to the small of his back. He said he would continue to give off radiant energy as long as he lives.

The Army doctors explained to Randall that thyroid cells crave iodine and attracted the radioactive liquid to cells infected with cancer. The iodine gave off the equivalent of extremely powerful X-rays, arresting the cancer and allowing his destroyed vertebra to recalcify.

Willis-Overland Shows Huge Earnings For 1949

TOLEDO, Aug. 4—(UP)—Willis-Overland Motors Inc. today reported earnings of \$2,988,883.12 for the first nine months of the fiscal year ending June 30, 1949.

Chairman of the Board Ward M. Canaday said the firm had a working capital of \$24,158,133.01 at the close of the period, an increase of \$1,390,863.51 over the same period a year ago.

Inventory was down more than \$6,900,000 since February. It was listed at \$16,952,001.71.

Sales by dealers were reported to be 23 percent in excess of shipments and field stocks were reduced 30 percent, the report said.

Fight and Kill, Indian Communists Are Told

NEW DELHI — Government police, reporting from red-infested Hyderabad State, said they intercepted the following instructions from the Hyderabad Communist central committee to its workers:

"The people and the cadre should be prepared to fight and destroy the enemy unhesitatingly. In this they should not be deterred by foggy ideas of morality, right or wrong, sin or righteousness. When pursued by the enemy they should not hesitate to kill as many as possible."

Whistle Poses Problem

TULLAHOMA, Tenn.—Wanted in Tullahoma: a railroad engine whistle that can be heard 1,000 feet away, but not an inch farther.

Two years ago Tullahoma city fathers passed an ordinance prohibiting train whistles in the city that could be heard more than 1,000 feet away.

Having no whistle-distance measurers, railroad engineers quit blowing their whistles altogether in Tullahoma. That brought complaints from the safety-minded.

Several months ago the aldermen told railroads they wanted the whistles, but they wanted their ordinance obeyed, too.

The trains started whistling again, especially, it seemed, at night. That brought complaints the trains were too noisy. And that's where the situation stands right now.

Its Called Sang Froid
JACKSON, Tenn.—A man wandered into a stylish women's shop by mistake. Trying to look as nonchalant as possible, he glanced around the room, turned to a mirror, adjusted the an-

gle of his own hat and strolled out of the store.

Many of the most important English abbeys and cathedrals of the 13th and 14th centuries had clay tile floors.

Boyle's Column

NEW YORK—(AP)—The big news today is—"It's cooler." Those two magic words were of more interest along the heat-hit eastern seaboard than the standings of the major league baseball teams or the question of arming friendly nations under the Atlantic pact.

"It's cooler!"
"It's cooler!"
"It's cooler!"
Everybody said it—and everybody felt it. Everybody was on relief—on relief from the weather. And glad to be!

Because the weather has been on every mind all summer long. It's had everybody by the throat—gasp, here in this Hades-By-Hudson.

NEVER IN HISTORY has so much humanity been wedded to so much humidity, nor longed so hard for a divorce. The month of July was the hottest ever recorded here, but the heat started long before that. Since the first of January the weather bureau reports that metropolitan New York has had a temperature excess of 1,043 degrees above normal.

When you have 1,043 degrees above normal there are only two

things the average citizen can do about them. That is to feel them—and to complain about them.

The heat wave has had more impact on Mr. New Yorker than the ten-cent subway fare. But even the Chamber of Commerce is tired of admitting that "we have more of everything than anybody—including more weather."

Out in Phoenix, Ariz., or Kansas City, Mo., boastful denizens sometimes prove how hot it gets there by frying an egg on the street.

That is unnecessary braggadocio here. You simply break the egg on your forehead, and by the time it rolls down to your mouth it has been poached in the perspiration. The streets have been so searing that even the pigeons refuse to land in them until two hours after sundown. There is a movement underway to get the ASPCA to equip them with sandals.

The weather has played all kinds of strange pranks on people. We will leave out the fellow in Washington, D. C., who stole 36 gallons of anti-freeze solution. Let us take up television.

IN THE ORDINARY television

program you see two of everything, even if you have 20-20 vision. This is normal, and the second figure is known as the "ghost." But in the current heat wave every character on a television program looks like the Dionne quintuplets. And the name players are wondering if they can't claim a quintuple Hooper rating, since everybody sees them five times.

At the beach you can't see the sands from the people. The refrigerated movie palaces have done a thriving business. Some folks have simply moved into them for the duration. As one captain-of-ushers put it: "We don't mind them bringing box lunches so much, but washing their nylon shirts in the men's room—that's going too far."

Along 51st street—the poor man's glamor lane—they tell of pulled out a pistol and told a heat-desperate patron who bartender trying to close the joint at 4 a. m.

"It's all right if you want to go home, but I'm staying here. And you're going to leave the air-conditioning on, too!"

Well, there's a mass of cool air from Canada here now, the most welcome thing that's come to town since Jenny Lind. And Mayor Bill O'Dwyer had better keep it here—or the Democrats are going to have a tough election in Autumn.

Let's Eat

Want to avoid buying a Sunday roast? This particularly good recipe for Swedish meat balls can be the answer. It will make 3/4 of a pound of ground beef chuck satisfy a family of six.

Swedish Meat Balls
Three-quarters pound ground beef chuck or round, 3/4 cup fine bread crumbs, 1/4 cup minced onion, 3/4 teaspoon cornstarch, 3/4 cup milk, 3/4 teaspoon salt, 1 egg, slightly beaten, 1/2 teaspoon nutmeg, 1/4 cup fat.

Combine meat with remaining ingredients except fat. Shape into 30 to 32 small balls. Brown in fat, a few at a time. As they brown, remove to warm plate. When all are browned, make a sauce as follows:

Sauce
Three tablespoons flour, 3 cups water, 3 bouillon cubes, 1/2 teaspoon salt, 1/2 teaspoon pepper. Blend flour into fat remaining in skillet. Gradually stir in water. Add bouillon cubes, salt and pepper. Cook, stirring constantly, until smooth and thickened. Add meat balls. Cover and simmer 30 minutes.

If the crowd is coming over to your home for Sunday supper, plan to serve a casserole dish that can be prepared in advance and placed in the refrigerator for later baking. Just reserve the buttered crumbs and sprinkle them on before baking.

Creamy Ham and Noodles
One small onion, chopped, 2 tablespoons butter or fortified margarine, 1/2 teaspoon dry mustard, 1 teaspoon paprika, one 10 1/2-ounce can condensed cream of mushroom soup, 1/4 cup milk, 1/2 teaspoon Worcestershire sauce or lemon juice, 2 cups cooked noodles, 1 cup cooked green peas, 1 1/2 cups cooked ham, cut in 1/2-inch pieces, 1/2 cup potato chip crumbs.

Heat oven to 375 degrees F. (moderate). Cook onion in 1 tablespoon butter or margarine until soft; remove from heat. Add mustard and paprika. Stir in soup; add milk and mix well. Add Worcestershire sauce or lemon juice. Arrange a layer of noodles, peas and ham in a greased 1 1/2-quart casserole; pour on half the soup mixture; repeat layers. Melt remaining tablespoon of butter or margarine and add to potato chip crumbs; when ready to bake, spread crumbs on top. Bake at 375 degrees F. for 20 to 30 minutes.

PRESENTS POTTER UNION CASE TO LABOR COMMITTEE

WASHINGTON, Aug. 4—(UP)—A vice president of the West Virginia Federation of Labor said yesterday he was "disenfranchised" from office in the AFL potter's union because he fought a successful court action against pay increases for top union officials.

Lawrence A. Finlay of East Liverpool, O., so testified before a house labor subcommittee investigating "undemocratic practices" in trade unions.

Finlay said the 1944 convention of the potters union voted to increase Union President James M. Duffy's salary from \$7,300 a year to \$12,000 and also voted a salary increase for Charles Jordan, secretary.

Led Protest

With five other union members, Finlay said, he led a protest movement on grounds the salary increase was not submitted to the union membership for a referendum. He said the case was taken to court in February, 1948.

He identified the other five as E. C. Armstrong, Newell, W. Va.; Norman Whippler, Chester, W. Va.; Ed Jones, Sebring, O.; and S. W. Johnston and Clyde McDaniels, East Liverpool.

He said the 1944 convention which granted the salary increases also repealed a section of the union constitution requiring that such actions be submitted to a referendum. Nevertheless, he said, the court ordered the union to hold a referendum.

Finlay said a referendum was held last night and the salary increases were approved by a majority of more than 200 votes. He said he then challenged many of the votes as "fraudulent" and that it was "conceded" later that

the national officers lost on the issue.

Last July 6, he said, he and the other five members were "tried" at the union's Atlantic City convention. They were charged with taking the case to court "before using all the facilities of the union."

Ruled Guilty

The convention ruled, 114 to 70, that the six union members were "guilty," he said.

"They disenfranchised us from running for office or competing for office for a period of 10 years," he said, but they were allowed to keep their union cards.

"Some others were fined and there were some other angles," he added. He did not explain the "other angles" or why some members were fined.

In describing the "fraudulent" ballots, he said the outstanding example occurred in a Canadian local. That local, he said, was reported as voting 363 to 57 to approve Duffy's pay increase and

364 to 56 to approve Jordan's pay increase.

It was proved later, he said, that the actual votes in the local were 63 to 7 for Duffy and 64 to 6 for Jordan.

The 45,000 square feet of faience clay tile wall surfacings in the network of subway concourses under Philadelphia's City Hall section is believed to constitute the largest faience tile installation in the world.
